## LAFOLLETTE STOPS ACTION ON THE WAR RESOLUTION

**Pacifism Breaks Out Anew in the Senate When Wisconsin Legislator Demands Regular Order of Business and Senator Martin Causes Adjournment, Declaring That Active Steps For Conflict Are Imperative Before Everything.**

**CAUSES POSTPONEMENT IN HOUSE ALSO**

Galleries and Senate as Well Applaud When Senate Leader Demands Immediate Action

### WAR REVENUE DISCUSSED

**President Wilson Appeals to Congress in Message to Authorize Army of 500,000 Men**

(By United Press.)

Washington, April 3.—Pacifism in the person of Senator LaFollette today effectually blocked action on the war resolution in congress until tomorrow.

Through a parliamentary maneuver—demanding the regular order of business—he blocked the senate action on the resolution. Heated words followed.

Martin declared the resolution must go through before anything else and in view of LaFollette's demand for regular order of business caused an adjournment until tomorrow.

The house committee, expected passage of the resolution by the senate and the senate caused a postponement here also.

When Martin insisted that the senate take up the war resolution before anything else the galleries and senate broke into applause, a rare occasion. Vice-president Marshall threatened to clear the senate if any further outbreaks occurred.

Republican members of the house committee, especially minority leader Mann talked of opposing the plan for war to be paid for chiefly by this generation. But the democratic majority said that idea, voiced by President Wilson will be heeded.

Bonds will have to be provided for present expenses, it was thought. A heavy tax of excess war profits and big incomes will be the means of raising the bulk of the war revenue.

President Wilson last night asked congress to declare a state of war exists between the United States and Germany.

While the news of the submarineing of the steamer Aztec—the first American armed ship to sail into the war zone—was being told from month to month in the capitol the president appearing before the house and senate in joint session asked congress to recognize and

### Roosevelt Calls To Congratulate President

Washington, April 3.—Col. Theodore Roosevelt called at the white house this afternoon to see President Wilson, but was unable to meet the president, as he had just left for the cabinet meeting. Col. Roosevelt said he wanted to congratulate the president on his message, declaring it was one of America's foremost state papers.

deal with Germany's warfare on America.

The president said war with Germany would involve practical co-operation with the governments now at war with Germany, including liberal financial credits.

The president urged the organization of an army of at least 500,000 men, chosen "upon the principle of universal liability to service."

The president made it clear that no action was being taken against the Austrian government and the other nations allied with Germany.

Immediately after the president left the capitol the senate and house reconvened and an identical joint resolution was introduced in both houses declaring the existence of a state of war, and directing the president to employ all the resources of the country to carry on war against the Imperial German government and bring the conflict to a successful conclusion.

Because of the opposition to the measure of Senator Stone, chairman of the foreign relations committee, the resolution was introduced in the senate by Senator Martin of Virginia, the democratic floor leader, Representative Flood, chairman of the foreign affairs committee introduced it in the house.

The resolution follows: "Joint resolution declaring that a state of war exists between the imperial German government and the government and people of the United States and making provision to prosecute the same;

"Whereas, The recent acts of the imperial government are acts of war against the government and people of the United States;

"Resolved, By the senate and house of Representatives of the United States of America, in Congress assembled, that the state of war between the United States and the imperial German government, which has been thrust upon the United States, is hereby formally declared, and

"That the president be and he is hereby authorized and directed to take immediate steps not only to put the country in a thorough state of defense, but also to exert all of its power and employ all of its forces to carry on war against the imperial German government and to bring the conflict to a successful termination."

The resolution was referred to the foreign affairs committees by both houses and adjournment until today followed soon afterward.

## Military Bill Is Introduced In the Senate

**Compulsory Training Measure Provides for Immediate Recruiting of Army of 500,000 Men by Calling All Physically Fit at Age of Twenty Years.**

### GIVES PRESIDENT THE POWER

(By United Press.)

Washington, April 3.—A universal compulsory military training bill providing for immediate raising of an army of 500,000 was introduced by Senator Chamberlain, chairman of the military affairs committee today.

Under the provisions of the bill the president would be empowered to call out all physically fit men at the age of 20 at once and as necessary men of 21, 22 and 23 would be called.

Three to five million men will probably be raised for the American army. The greatest difficulty will be to get them into 500,000 groups as rapidly as they can be properly officered.

## SEES DEATH-KNELL OF AUTOCRATIC RULE

**London Press Richly Praises President Wilson's Message, Calling it Epoch-making.**

### MORE THAN WAR DECLARATION

(By United Press.)

London, April 3.—"The death-knell of autocratic rule in Germany," was the outstanding feature which the London afternoon press drew from President Wilson's address.

"It is an epoch making message," said the Evening News, "redounding not only to President Wilson's personal credit and honor but to the credit and honor of the American people. If the German people are not stirred to the depths by the president's appeal for liberty and civilization, then indeed they are beyond all human hope."

"The speech was one worthy of the occasion," declared the Evening Star. "It is more than a declaration of war; it sounds the death-knell of autocracy and of any form of government which makes possible secret diplomatic understandings and intrigues with all the mischievous results."

## 28 PERSONS ARE MISSING

**Ambassador Wires Statement About Sinking of Steamer Aztec**

(By United Press.)

Washington, April 3.—Twenty-eight persons are still missing from the torpedoed American steamer Aztec, according to a dispatch from Ambassador Sharp to the state department today.

One boat has been picked up with nineteen survivors.

London, April 3.—A great outburst of cheering greeted the announcement in the house of commons by Chancellor Bonar Law today that the British ambassador in Washington had reported his belief that congress would comply with President Wilson's recommendations.

## ADDISON HIGHWAY CONTRACT IS LET

**D. H. Fatout of Indianapolis Will Build Road on Ripley-Posey Township Line**

### MAKE FARM SUPPLIES AWARDS

**Commissioners Await Report of Reviewers on Proposed Highway Through Carthage**

Poor farm supplies contracts were let today by the board of commissioners who continued their April session from yesterday. The contract for groceries was given to Havens Brothers; meats to the Weeks Fresh Meat and Provision Co.; clothing Bliss and Cowing; dry goods, Maury Company and shoes to Winship and Denning.

The commissioners inspected the poor farm today and took dinner with Superintendent and Mrs. Newbold. Before adjourning today the commissioners expected to award the two scholarships to Purdue university for the coming year. One of these will likely go to Howard Brecheisen, who holds the scholarship for this year. There are six applicants for the other place. Howard Miller was the holder of the other Rush county scholarship and he graduates this year, leaving a vacancy.

The commissioners also awaited a report of the re-viewers on the proposed concrete highway along the main street of Carthage. This was the day set for the re-viewers to report and it was understood that a favorable report was to be submitted. This road is known as the W. O. Righter highway and if successfully put through would result in the paving of Main street in Carthage with concrete. The original viewers submitted a divided report and the commissioners appointed new viewers.

The contract for the construction of the Charles Addison road, on the township line between Ripley and Posey townships, was awarded to D. H. Fatout of Indianapolis, the contract price being \$6,195. The road is to be constructed of gravel. Other bids received were as follows: Wilk and Company, \$6,805; Herman Hill, \$6,497 and W. R. Payne, \$6,240.

The Elmer Ellison highway case from Center township will go to the circuit court. The petition was to change a road near Occident. The

## "IRISH ORATOR" TO MAKE ADDRESS HERE

**M. E. Foley of Indianapolis Will Speak at Patriotic Mass Meeting Monday Night**

### LOCAL MEN MAY SPEAK ALSO

The committee in charge of the speaking at the patriotic meeting next Monday night in the Graham Annex auditorium announced today that M. E. Foley of Indianapolis would be the principal orator. Mr. Foley is a well known Indianapolis attorney and is a public speaker of unusual ability. The committee considered it fortunate in securing Mr. Foley, who is known as "the Irish Orator."

The patriotic meeting promises to take on the appearance of a county meeting. The meeting has been advertised extensively and the committees desire to impress the fact that it is open to the entire county. There will be plenty of music and good speaking and the community is being asked to turn out and show its patriotism. The program has not been completed, but one or two local men may speak before Mr. Foley.

## ADVOCATES CONSTITUTIONAL TAX LIMIT OF ONE PER CENT

**Governor Asks Provision in Constitution to Bring Intangible Property on Duplicates**

### SPEAKS AT FORUM MEETING

**Also Urges Short Ballot in State Elections and Budget System as Economy Measures**

### DEFENDS EXCISE TAX BILL

**Says it is Not Only Right But Duty of State to Levy it—Makes a Patriotic Appeal**

Speaking at the first meeting of the Rush County Constitution Forum at the Graham Annex auditorium last night, Governor James P. Goodrich advocated a reform in the state tax laws by empowering the legislature to fix a constitutional limit of one per cent to the tax rate; urged the levying of the excise tax on corporations as a just and lawful method to raise revenue; advised the adoption of the short ballot in state elections and the budget system as economy and efficiency measures; and in closing made a patriotic appeal for the support of the national government in the present crisis.

Robert E. Mansfield, who as a member of the executive committee of the new forum, invited the governor to speak here, also introduced him. Mr. Mansfield said it was gratifying to see so many ladies present because it evidences the fact that they are to take a serious interest in voting.

"Among the most important things to be considered at the convention," Mr. Goodrich said, "we are all agreed, will be woman's suffrage and prohibition, and it is practically settled they will be submitted separately. When you have eliminated these and perhaps home rule for cities, the budget system and taxation are the most important left."

The governor said the present tax law was adopted in 1891 and was called the general property tax. He said it was thought then the tax question was settled, but that through local influences and otherwise the time had come when property was assessed at from five to seventy-five per cent of its real value. He called attention to the fact that the cost of government had increased from 100 to 300 per cent and that the tax rate as a result had been doubled many times. This is due in part, the governor said, to the new functions assumed by the government, good roads, penal institutions, public utilities commissions, workmen's compensation laws, industrial boards, all of which is necessary in the complex life of the times, "and we will continue to branch out."

"Along with the increase in the tax rate and valuation of property has come the disappearance of intangible property," he continued. "As the years go by we have seen the burden grow heavier on the owners of tangible property. In 30 years the state has changed from a debtor to a creditor state by producing more than it consumes, but while wealth has increased rapidly intangible property has increased also. The time was when there was more money in the banks than there was tangible property but now billions of dollars of wealth here in Indiana is not paying a cent of taxes."

"Those favoring no change say all you have to do is to enforce the law and assess property at its true cash value. This is not true because Ohio tried it and failed signally. Real estate in Ohio now pays lacking but a half of one per cent

### GIVE AWAY FLAGS

Every person who attended the meeting of the constitution forum at the Graham Annex last night was converted into a regular patriot, if they were not already one, by the R. H. Jones company. J. W. Tribolet and Henry Rugenstein, from that store, stood at the head of the stairs and pinned a little flag on each person as compliments of the R. H. Jones company.

of the same proportion of the taxes as it did before the change. Intangible property will not pay its share of the taxes unless the rate is low enough to bring it on the duplicate because it will flow from one state to another. I would have a law which classifies for taxation, fixing a definite rate for real estate and a lower rate for wealth. Any system that will drive intangible property on the duplicates is what we want.

"We don't seek to enforce the law regarding assessment of intangible property because we know by seeking out intangible property in banks and trust companies we would bring disaster. If banks and trust companies were compelled to pay taxes on mortgages they couldn't loan a dollar. I believe we should have a provision in the constitution empowering the legislature to fix the limit of one percent on the tax rate, with a possible half of one per cent additional by referendum vote. We would thus accomplish economy."

In defense of his excise tax law which was defeated in the last legislature, Governor Goodrich said the principle was as old as Egypt. He pointed out that 35 states were now levying it. He said the new constitution should provide for one.

"When I go into a corporation," asserted the governor, "I receive certain privileges which my neighbor does not receive. If I go into a bank or trust company I assume a double liability. If I am in a corporation, I can float bonds or preferred stock. I say the state has not only the right but it is the state's duty to compel corporations to pay for the privileges and lessen the burden on the small property owners. The bill in the last legislature would have raised three million dollars in Indiana. The Standard Oil company would have paid \$150,000 and the steel trust \$110,000. Neither opposed the bill because they knew it was fair and right. You are not compelled to pay it. The corporation which does not want to may discontinue. Passage of the excise tax bill would have reduced the tax rate. I believe the next legislature will pass it. Under the present system, city property pays the greatest per cent of the taxes, banks and trust companies are next, farm property next and corporations last. The persons

## COUNTY FORUM ORGANIZED

**Report of Nomination Committee is Adopted Preceding Address**

The Rush County Constitution Forum was formally organized at the Graham Annex auditorium last night preceding the address by Governor Goodrich. The committee which was appointed at the first meeting called to organize a forum reported the nomination of an executive committee of five and the report was adopted. The executive committee had already been notified of its appointment and arranged the meeting last night. The committee is composed of A. L. Gary, Mrs. C. H. Parsons, Miss Nora Sleeth, Robert E. Mansfield and A. M. Taylor.

### His Shop In Order

The progressive merchant has—

An attractive store which acts as a continual invitation—

Polite and painstaking salespeople who serve you intelligently—

A stock of modern merchandise to choose from—well selected, well displayed, the kind the public wants.

This merchant keeps his shop in order.

It is a pleasant place to do business in.

Read about this merchant in today's advertisements.

## MEATS ARE SOURCE OF PLEASURE NOW

Tanlac Has Done Me a World of Good," Says Mrs. William Chapman

Elkhart, Ind., April 2.—Mrs. William Chapman, wife of a farmer who lives three miles northeast of Osceola, near this city, has tried Tanlac, the Master medicine and wants others to know of the benefits she has derived from its use.

"For a long time I have suffered from stomach trouble and rheumatism," Mrs. Chapman said. "My appetite was very poor and what little I did eat didn't have the right taste and wasn't digested properly. Gas often formed on my stomach and caused me to have smothering spells. I was so badly constipated that I had to take laxatives all the time. The rheumatism caused my feet and hands to swell up often."

"Tanlac certainly has given me great relief. My appetite is ravenous now and I enjoy my meals to the fullest extent. All the food I eat agrees with me, too, and is digested properly. I'm never bothered with gas forming on my stomach now and the constipation has been relieved so that I never have to take laxatives. The rheumatism has been relieved so that the swellings have completely vanished."

"Tanlac certainly has done me a world of good and I want to recommend it."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, loss of appetite and the like and is a fine tonic and a general system purifier.

Tanlac is now being especially introduced and explained in Rushville at P. E. Wolcott's; in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy and Sons; and in Milroy at Barton and Shepards.—(Adv.)

# Unveiling Spring Fashions

## Bring Array of Styles Radically New

### Nothing But Strictly New Merchandise Nothing But Strictly New and Original Models

One of the most significant elements of our fashion prestige is that we never carry over stock into a new season. All ready-made garments are closed out in advance of each season. This course preserves the exclusiveness of our fashions, and our critical clientele appreciates it.

### Spring Styles Joyously New and Decidedly Different Are With Us

With the approach of Easter comes the most beautiful garments of many seasons. Colors and fabrics were never more handsome. It would seem that each and every maker of cloth has made his supreme effort in defiance of shortage of raw woolsens and dyestuffs. Every Creation on Exhibition delineates an individual style, characteristic of the very highest expression of the designer's art.

### AN EXPERT ON COLDS

Comparatively few people realize that a cold is a signal of physical weakness. To treat a cold with weakening physics, alcoholic syrups or drugged pills, may smother the cold but they also reduce the body powers still further and invite more serious sickness.

Scott's Emulsion has always been an expert on colds, because it peculiarly enriches the blood, quickly tones up the forces and strengthens both throat and chest. Try Scott's. Refuse Substitutes.

### The Display of the Flag.

In some parts of the state subscriptions have been taken for the purpose of buying flags to be displayed at school buildings. Such a procedure is wholly unnecessary because state laws provide for the purchase and display of flags over school buildings by school boards and trustees.

Some schools have been lax about this injunction of the statutes, and now would be a very good time for them to see that the law is obeyed. In fact, every public building in Indiana should display a flag, especially now when the time is propitious. Besides, the flags should be properly taken care of. They should not be allowed to be flapped into disgraceful condition so that one's patriotism just naturally gets to a low ebb at sight of it. Flag etiquette calls for the lowering of the flag at sundown and raising at sunrise. The Muncie Press calls attention to the flag laws in the state.

6413. Flags for Schools.—1. It shall be the duty of the township trustees, boards of school trustees and boards of school commissioners of the various school corporations of this state, upon the petition of a majority of the school patrons of a district school to procure a United States flag not less than 6 feet long for each school under their supervision. (As amended, Acts 1911, P. 453.)

6414. Display of Flag.—2. The township trustees, boards of school trustees and boards of school commissioners of the various school corporations in this state shall cause the United States flag to be displayed upon every public school building under their control on every school day such school is in session. Provided, the weather conditions permit. Such trustees and boards shall establish rules and regulations for the proper care, custody and display of the flag and when for any cause it is not displayed, it shall be placed conspicuously in the principal room or assembly hall of the school building. (As amended, Acts 1911, p. 433.)

## Limber Up Muscles Drive Out Soreness

Use Speedway Liniment and You Can be Free From Pain and Stiffness

The best and quickest way to relieve muscular soreness or stiffness of the joints is to use plenty of Speedway and rub it in wherever the pain is. It will not blister or burn—will not do the slightest harm to flesh or clothing. It is absolutely harmless and antiseptic. You can feel free to use it on the tenderest skin. Speedway is the original prescription of an old physician, who used it with pronounced success for many years. It is good for rough skin, chafed skin, and all kinds of bruises. It is the scientific liniment. Go to your nearest drug store and get a bottle today. Use freely and apply under bandage in extreme cases of rheumatism, lumbago or sprain. Especially prepared by the Speedway Laboratories at Shelby, Ohio. Hargrove & Mullin and F. B. Johnson & Co.—(Adv.)

pal room or assembly hall of the school building. (As amended, Acts 1911, p. 433.)

64. Destruction or Mutilation.—3. It shall be unlawful for any person to mutilate or destroy any flag so owned by said school corporation or to mutilate or destroy any flagstaff or appliances belonging to said school corporation as aforesaid.

6416. Penalty.—4. Any person violating the provisions of section 3 of this act shall be guilty of a misdemeanor and on conviction shall be punished by a fine of not less than \$25 for the first offense, and not more than \$100 for the second offense, to which may be added imprisonment for not more than thirty days.

### What War Means.

We have all bandied about a great deal the word war but few have ever analyzed the situation. Aside from the actual cost in money, and also in lives if we become involved in a real war, we must prepare for the opening of a new era at the outset of hostilities. Henry Clews, the New York financier, calls attention to this very important detail, the vast change in the position of the United States when war begins.

Whether we like it or not, the time-honored policy of isolation in foreign affairs will depart forever, never to return; so hereafter we will be an influential member of the family of nations, and must courageously assume the duties and responsibilities that we have too frequently been inclined to shirk. Our attention at the moment is mainly occupied with preparations for war; yet we must not overlook the new foreign relationships that peace will force us into. The United States will take an important part in the council chamber when the new terms of peace are discussed, and commercial relations between the various nations, especially the Allies, will prove a very important factor in the discussion. Many new treaties will follow, new tariffs will be made, old ones revised and the whole order of international exchanges will of necessity undergo great changes. Even before these things happen, we will find ourselves committed by events beyond our control to closer intimacies of interdependencies with Europe. Our immense new investments in foreign securities, the large credits we have recently given foreign governments and the probability of our making still larger ventures of this sort all tend to bind us closer and closer to Europe, to set free new economic forces the world over, and to sweep this country away from its old policy of isolation. The once popular cry of "No entangling alliances," was suited to former conditions, and the more careful we are about forming international bonds the better, there should be no secret treaties. But the underlying reality of a common interest and interdependence between ourselves and other nations cannot be ignored, and the unseen ties which are thus created will prove even more binding and safer than any formal treaties. New policies should be made as liberal as possible. Restrictions upon commerce should be kept at the lowest possible point, and all efforts at retaliation and discrimination should be discouraged at the start; for, in politics as in trade, liberty of opinion and freedom of action is the surest road to peace and prosperity.

Enjoy your money while living. Others will make it fly when you are dead.

Extravagance and parsimony are both sins, but there is a happy medium which makes you actually human.

A loyal American is one who places the welfare of America above that of all other nations.

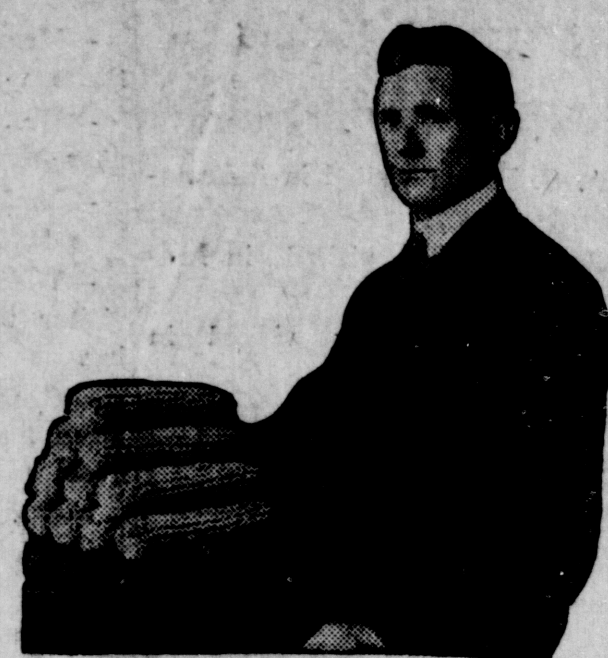

General Wood at least has the consolation of knowing that he has been right, even if he couldn't continue as head of the Department of the East.

### NOTICE OF ADMINISTRATION.

# 14 Cent Corn

FRED SUHRE  
Champion Corn Grower of Indiana

Fred Suhre of Columbus grew 530 bushels of shelled corn on five acres, or an average of 106 bushels per acre, at a cost of only 14 cents a bushel, and won the 1916 Corn Championship of Indiana.

### Suhre Farm Results, 1916

Corn fertilized with Swift's Fertilizer, containing ammonia and phosphoric acid, produced an increase per acre over the unfertilized of 19 bu.  
Corn fertilized with only acid phosphate produced an increase per acre over the unfertilized of 9 bu.  
Additional yield per acre from the ammonia 10 bu.

Norris McHenry, 1914 State Champion Corn Grower of Indiana, had the following results on two five-acre plots:

Where Swift's Fertilizer was used, the average yield per acre was 112.1 bu.  
Where competitors' fertilizer was used, the average yield per acre was 93.1 bu.  
Additional average yield per acre where Swift's Fertilizer was used 19 bu.

The results from the Suhre and McHenry farms prove that Swift's Fertilizers are the best, and that Swift's Fertilizer containing ammonia is the most profitable.

## SENATORS WANT A WAR DECLARATION

Both Watson and New Believe Conflict is Inevitable and Urge a Virile Policy

FORMER OUTLINES PLANS

Says U. S. Should Arm Vessels, Convey Merchantmen and Aid Allies With Money

Washington, April 3.—Notwithstanding a flood of special delivery and registered letters and telegrams from Indiana expressing opposition to war with Germany, both of the Indiana senators believe war is inevitable and can see no other way out of the present situation.

Furthermore, both are in favor of a most virile policy in dealing with the Kaiser. Senator Watson expressed himself last night as being in favor of a "straightout declaration of war." Senator New warned against "making war in a mushy way."

"If I could have my way," said Senator Watson, "Congress would pass a resolution making a straightout declaration of war on Germany and then would proceed with a vigorous policy. In my judgment three things should be done. First, we should proceed with the arming of merchant vessels. Secondly, we should convey our merchant vessels through the danger zones with battle ships and cruisers. Lastly, we should assist France, England, Russia, Italy and other countries that are fighting Germany by sending money and supplies. With our aid in this way I believe the allies can crush the house of Hohenzollern by Christmas and when the military autocracy represented in that house is smashed the war will be over and the world may again rest in peace. I would not send any men to Europe. They are not needed and we may require all our army at home."

Senator New said: "The time has come when this country is about to declare war. No other course is possible and I believe, since we are going into the war, that we should go in as though we mean business. I do not think we should undertake to go into the war half way. In other words, we should not wage war in a mushy way, but should go in to win. War is not to be undertaken lightly, but once started it should be prosecuted to a finish."

Senator New said he did not believe the countries fighting Germany need any men from the United States, but it will be highly important, he added, that an army be raised for home defense.

"It is perfectly absurd to go into war without an army," he said. "When a war is started no one ever knows where it will stop or what foes we may be called upon to meet at home."

While pacifist messages predominated in the deluge from Indiana, there was a considerable number of the other kind. The Rev. Charles H. Taylor, William Lowe Bryan and James A. Woodburn of Indiana university sent resolutions adopted at a mass meeting at Bloomington which declared against any half way measures in dealing with the German menace. The resolutions read: "We are not a craven people and we ask the President and Congress to act with vigor as becomes the leaders of a brave and honored nation."

Telegrams urging the Indiana senators to vote that a state of war exists came from H. S. Jackson, Mark H. Liddell and C. Francis Harding, of Lafayette, Ind.

"April" is the title of the five reel feature at the Lyric tonight. Helen Rosson is featured and it is said to be a fascinating mountain

## Moline Universal One Man Tractor

The Most Powerful Tractor in the World, to its Pounds of weight.

For All Field Work — Plowing, Harrowing, Planting, Cultivating, Mowing, Haying, Harvesting, Etc.

10 to 12 H. P. on the Belt for Stationary Work.

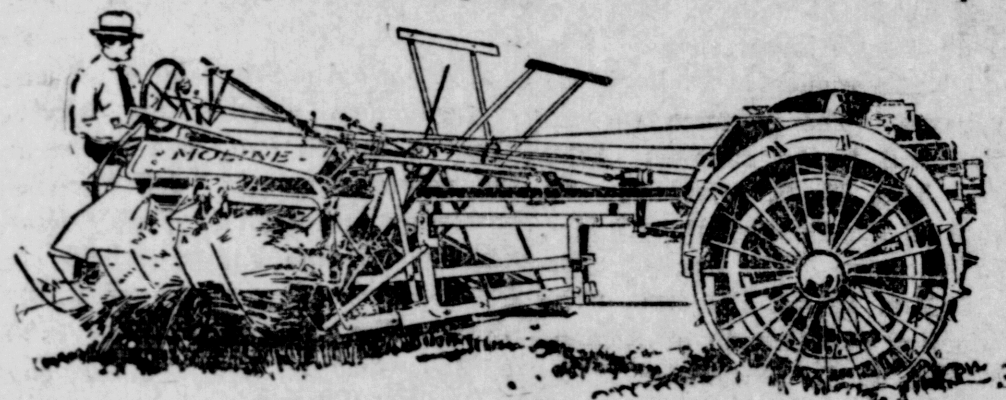

### REASONS WHY THE MOLINE - UNIVERSAL IS IN A CLASS BY ITSELF

- Operator controls entire outfit from the seat of the implement—only one man required.
- Pulls the usual 5-horse load.
- Does as much work as seven horses owing to its greater speed and endurance.
- Costs less than four horses.
- Requires less care than one horse.
- Eats only when it works.
- Weights about the same as a team, and from 1500 to 2000 pounds less than any other tractor of equal power.
- Handles easier than a team.
- All the weight on the drive wheels—every ounce available for traction.
- Turns in a 16-foot circle.
- Backs as easily as it goes forward.
- Plows from four to twelve acres a day.

- One wheel runs in the furrow—practically self steering.
- Does not pack the soil.
- Works close to fences and in corners—just right for work in small fields.
- Cultivates from sixteen to twenty acres a day.
- Thirty-one inches vertical clearance.
- Can easily and quickly be attached to mower, binder, hay rake, harrow, planter, lister, grain drill, etc.
- Develops from 10 to 12 h. p. for grinding, pumping, cutting silage, sawing wood, running lighting or power plant.

# SOCIETY NEWS

Church Societies, Parties, Weddings, Dances, Literary and Musical Organizations, Sewing Circles, Card Clubs and Many Other Things of Interest to Women.

The Social Dozen, meeting which was to have been held with Mrs. Fred Caldwell Thursday, has been postponed.

Mrs. Lou Weeks and John Bohland were entertained at supper last evening by Mr. and Mrs. Charles Coons of Glenwood.

Mrs. O. M. Dale entertained two tables at 500 yesterday afternoon at her home in North Main street. Easter decorations were used to adorn the rooms, in which the guests spent a delightful afternoon over cards.

One of the most enjoyable affairs of the season, was an informal pitch-in supper given by Norman Reed, at his home in North Perkins street last evening. The guests included Harry Schmalzel, Thomas Saunders, Hubert Alexander, Howard Stiers, Lawrence Payne, Dwight Van Osdel and Alfred Norris.

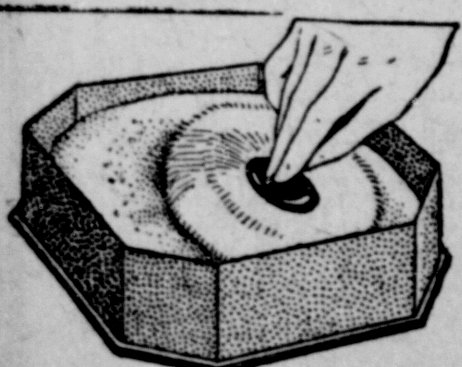

The dining room of the Seanlan house was draped with flags and small flags were given as favors last evening, when a supper was given in honor of Governor J. P. Goodrich of Indianapolis. The guests included Will M. Sparks, J. D. Megee, S. L. Trabue, R. E. Mansfield, E. B. Thomas, J. H. Kiplinger, Voorhees Cavitt, John Geraghty, G. P. Hunt and A. L. Gary.

In honor of her house guest, Miss Mary Wallace of Brookville, Miss Anna Stearns entertained ten guests at a sewing party yesterday afternoon, at her home in West Second street. Easter decorations were prominent in all the rooms, and a color scheme of yellow and white was also carried out in the dainty refreshments which were served.

The Woman's Missionary society of the Little Flat Rock church, will be entertained Thursday afternoon at the church, by the ladies of the April division of the society. The hostesses include Mrs. William Morgan, Mrs. Orlan Myers, Mrs. Cliff Stevens, Mrs. John Casady, Mrs. Cliff Wyley, Mrs. John Dewester, Miss Mary Holman, and Mrs. Ross Smith, who will be the leader.

Mr. and Mrs. Charles Leisure entertained Mrs. W. T. Newhouse, Mr. and Mrs. Tom Bird, Mrs. Ina Hawk, Mr. and Mrs. Ira Donnell, Mr. and Mrs. Frank Donnell of Arlington, Mr. and Mrs. Glen Moore, Mrs. Ed Retherford and daughter, Marjory, and Miss Lorene Bird, with a three course luncheon today. Easter decorations and flowers were used as a table decoration. A social afternoon was spent with music and cards.

Mr. and Mrs. F. G. Hackleman and son, Ralph, Miss Libbie Hackleman, Mr. and Mrs. H. Louis Mauzy, Miss Helen Scudder, Miss Frances Frazee, Byron Cowing, Scott Buell and Perry Oneal will go to Indianapolis tomorrow to attend the wedding of Miss Catherine Hibben and Ward Hackleman of Indianapolis, son of Dr. and Mrs. Hackleman. The wedding will take place at the Hibben home at 1449 North Delaware street, Indianapolis, tomorrow night.

**Marinello Face Powder**

## Social Calendar

### Wednesday

Tri Kappa with Mrs. Earl Moore, 816 North Harrison street, at night.

Psi Iota Xi with Miss Leah Flint at her home, 1109 North Perkins street, assistant hostess Miss Laura Holden.

Young Woman's Missionary society of the U. P. church in the afternoon with Mrs. Robert Conover, 1021 North Maple street.

C. W. B. M. at 2:15 in the parlors of the Main street Christian church.

The Band of Workers of the First Presbyterian church, at 2:30 in the church parlors.

The C. W. B. M. will meet tomorrow afternoon at 2:15 in the basement of the Christian church. The members are requested to bring the mite boxes. The program for the meeting will be as follows: Bible Study, Mrs. H. S. Carney; "A Glimpse of Pre-Spanish Days," Mrs. G. V. Conaway; "The Spanish Conquest," Mrs. Emma Talbert; "The Introduction and Growth of Romanism," Mrs. C. L. Newhouse; "The Gospel Given to Western Europe," Mrs. J. H. Frazee; Music, Miss Mary Louise Wyatt. The hostesses of the society will be the ladies of the April division.

Honoring the birthdays of their mother Mrs. Emma Lawson, and uncle Z. T. Lawson, Mr. and Mrs. Thomas Lawson and Mr. and Mrs. Ralph Lawson entertained with a family dinner last Sunday, at their pretty country home southeast of Milroy. The relatives and friends enjoying their hospitality were: Mr. and Mrs. John Logan, Mr. and Mrs. Lowell Vickery of Union township, Mr. and Mrs. Martin Mahin and daughter, Cora, Mr. and Mrs. Ben Stevens, Mr. and Mrs. Ross Stevens and son, Loyd, of Noble township, Mr. and Mrs. L. R. Webb and son Forest, Mr. and Mrs. Elmer Branham and son Herbert of Walker township. After an enjoyable day the guests departed, wishing them many more as happy birthdays.

One of the most interesting programs of the year was given by the members of the Ladies Musicales last evening, when they entertained, 20 members of the Connersville division of the Musicales. The assembly room was appropriately decorated with flags, ferns and potted plants. The program included a sextet, "A Night in June" by Sudds, Mrs. Parke, Mrs. Aldridge, Mrs. Chambers, Miss Black, Miss Amos, Miss Stiers, a vocal solo, by Mrs. Charles Offutt; piano duo, "La Traviata," by Alberti, Miss Madden and Mrs. Rebout; patriotic dialogue, by Miss Smith and Miss Frances Frazee; violin solo (a) "Indian Summer," Dvorak-Kriselen (b) "Hungarian Dance," Harsch, (c) "Scherzo," Geons, by Miss Leona Thomas; piano quartet, "Sixth Pastoral Symphony," by Beethoven. Mrs. Parke, Miss Madden, Mrs. Rebout and Mrs. Aldridge; vocal duet, "The Night Sea," by Mrs. H. H. Beach, Mrs. Amos and Miss Buell; piano duo, "Dance Maerabre," by Saint Seans, by Miss Smith and Miss Kitchen; vocal duet by Mrs. Carl Beher and B. F. Miller; piano duo, "Prelude," by Liszt, Mrs. Hugh Mauzy and Miss Jesse Kitchen; violin trio, "Alla Marcia," by Wolfman, Miss Leona Thomas, Miss Janet Dean, Miss Gladys Titsworth; chorus, "Approach of Spring," by Gade. After the program dainty refreshments were served.

PITMAN & WILSON, Druggists

## ANOTHER MEETING SET FOR TONIGHT

Factory Boosters Will Gather at 7:30 at Court House Assembly Room to Discuss Plans.

### \$6,200 IN STOCK IS SOLD

Another meeting will be held at the court house assembly room tonight at seven-thirty o'clock to finish up the plans for location of the Modern Appliance company of Chicago. It was announced today that \$6,200 had been subscribed towards the \$10,000 which is needed to buy stock in the concern in order to bring it here and it was expected this sum would be increased during the day.

Handbills were distributed today calling attention to the meeting and urging the attendance of everyone who is interested in the factory. The committee is anxious to settle the matter immediately because the sooner the company is moved here, just that much sooner will it grow and become an institution of which Rushville will be proud.

## TAKEN TO REFORMATORY

Paroled Boy Who Turned in False Alarm Returned to Prison

James George, 18, who confessed to turning in a false fire alarm, about a month ago, was taken to the reformatory at Jeffersonville yesterday afternoon by Field Officer Slayter. George has been held in jail here ever since he turned in the alarm. The prison authorities were notified that he had broken his parole, but did not come here after him until yesterday. George was originally sentenced for stealing a pair of skates and was paroled last January on account of ill health.

## PICKSHIGHWAYCOMMISSION

Gov. Goodrich Announces Names of Four Men For Places.

(By United Press.) Indianapolis, Ind., April 3.—Governor Goodrich today appointed members of the state highway commission created by the last legislature. They are: Davis C. Jenkins, manufacturer of Kokomo; L. H. Wright, master of the Indiana Grange, Indianapolis; S. W. Taylor, Boonville, member of the state board of agriculture and Haynes Egbert, manufacturer of Goshen.

## WILL ASK FOR \$5,000,000

Michigan Governor Seeks Fund to Equip State Soldiers

(By United Press.) Lansing, Mich., April 3.—Governor Sleeper in a special message to the legislature tonight will ask an appropriation of \$5,000,000 to equip Michigan soldiers, defend the state and make provision for the care of families dependent on the soldiers.

## ONE KILLED IN EXPLOSION

(By United Press.) Boonville, Ind., April 3.—One man was killed and five others injured in an explosion in the Erie Canal coal mine today. James Carleton was the man killed.

## VOTE ON WAR QUESTION.

(By United Press.) Monroe, Wis., April 3.—The first war referendum in the United States is being held here today. The citizens of Monroe are voting on whether the United States should go to war with Germany. The vote is being taken in connection with the regular city election. A notable percentage of the population here is German and Swiss and the result is being watched with keen interest in Washington and elsewhere.

The Rushville National bank has filed suit on a note against Charles Ellison, Julie Ellison and William L. Brown, demanding \$250.

The New Salem high school will give their play, "The Laughing Cure" at Glenwood, Friday April 6th. Also an operetta with the play. 1813.

## RUSH COUNTY'S TRADING HOME

## NEW PEACE OFFER IS BEING RUMORED

Leading Paper in Berlin Says it is Being Considered, Amsterdam Dispatches Declare

## RECALLS RECENT STATEMENT

(By United Press.) Amsterdam, April 3.—The Central powers are planning a new peace offer, a leading paper in Berlin stated this afternoon.

There has been frequent and persistent rumors that the Teutonic nations were preparing to make another bid for peace. The nearest official announcement came from Czernin, foreign minister of Austria-Hungary, who recently declared the Central powers desire for peace was still open for discussion.

Continental newspapers have continued to lay stress on the minister's statement of the likelihood of the Central powers making concessions.

## ESTABLISH A RECORD PRICE

Rush County Hogs Bring \$15.70 on Indianapolis Market

Rush county hogs established a new record price at the Indianapolis market yesterday when a full load sold at \$15.70. The hogs were fed by E. B. Moore on the farm of J. W. Anderson, near Milroy. There were seventy-one head of Duroc Jerseys, averaging 271 pounds, and they brought the total of \$3,023.82, the most money ever paid for a single deck of hogs in Indianapolis. Anderson also had another lot of forty-four hogs, averaging 252 pounds that sold at the record price.

## SAFETY FIRST GETS RESULT.

Washington, April 3.—"Safety First," which the country has been hearing so much about for several years, is beginning to show substantial results in the mortality among miners, according to the Bureau of Mines here today.

Mines throughout the United States have been exacting a yearly toll in about 3½ men in every 1,000 employed. The latest figures available are the lowest in 8 years and the prospect is for still greater decreases.

## EVANSVILLE MEN TO CHANGE THEIR PLEAS

Evansville Republicans, Indicted for Election Conspiracy, to Appear Before Judge

## 36 FIRST DENIED ALL GUILT

(By United Press.) Indianapolis, Ind., April 3.—Republicans of Evansville, indicted in the election fraud conspiracy by the federal grand jury, will come to Indianapolis Wednesday and plead guilty before Federal Judge Anderson, it was definitely learned today.

On arraignment March 21 the men pleaded not guilty but have asked to be allowed to change their pleas before the trial set for April 21. Judge Anderson may pass sentence on those who pleaded guilty immediately although this was not definitely known.

Thirty-six republicans, indicted by the grand jury, denied their guilt when arraigned. It is not known how many will plead guilty tomorrow but it is believed that practically all will.

## BLOODHOUNDS ON TRAIL

Murderer of F. L. Cornelius, Brown County, Leaves no Clew

## (By United Press.)

Bloomington, Ind., April 3.—Blood hounds were taken to Belmont, Brown county today, where F. L. Cornelius was shot and probably fatally wounded by a shot fired through the window of his home. A neighbor hearing the shot rushed into the room and found Cornelius unconscious. Officials have no clew to the murderer.

## GLEE CLUB IS ON THE JOB

Wabash College Organization Gives Concert at First Baptist Church

The Wabash college glee club arrived here this morning from Shelbyville at 10:35 o'clock and will give a concert tonight at eight o'clock at the First Baptist church under the auspices of the Willing Workers class of the Sunday school. The club appeared before an audience of five hundred at Shelbyville last night and an equally large crowd is expected here. Members of the club were entertained at the church for dinner and supper today and will be entertained in Rushville homes over night. They will leave in the morning for Cambridge City where they will give a concert tomorrow night.

### MOST BABIES DIE BEFORE YEAR OLD

Statistics Show That One in Every  
Ten Expire Before Twelfth  
Month Passes.

#### MAKING PLANS FOR BABY WEEK

(By United Press.)

Washington, April 3.—Approximately one in ten of all the babies born in the United States dies before completing twelve months of life, the Federal Children's Bureau announced today in connection with National Baby Week, May 1 to 6. The statement adds:

"It was once thought that a high infant death rate indicated a greater degree of vigor in the survivors. Now it is agreed that the conditions which destroy so many of the youngest lives of the community must also result in crippling and maiming many others and must react unfavorably on the health of the entire community."

Two Thousand, one hundred communities have reported to the Children's Bureau the details of a Baby Day or Baby Week by which they called attention to the need of protecting their babies. This bulletin may be had by addressing the bureau, which continues:

"The United States includes 14,186 incorporated cities, towns and villages and it is doubtful if among the thousands which have never had a Baby Day or Baby Week there is a single town or village which would not profit from such a campaign."

#### WHAT-YOU-MAY COLUMN

**Rubbers**  
Something dreadful has happened to rubbers. They used to climb all over man's feet and humiliate him terribly. They spread themselves around at an awful rate, unashamed.

But here lately they've grown reticent. They seem to have suffered qualms. They hide on the bottom of men's feet and cling delicately to the soles of his shoes, as nearly out of sight as possible.

What is the matter, do you suppose? Can it be that after riding man's instep since time immemorial rubbers decided they had no business there and got off? It looks like it.

### EAT LESS--- IT WILL DO YOU MORE GOOD

FOLLOW YOUR MEAL WITH A  
LITTLE PEPSINCO—YOUR FOOD  
WILL SATISFY FOR A LONGER  
TIME—NONE WILL BE WASTED.  
IT WILL DO YOU 100 PER CENT  
GOOD.

It's a mistaken idea that the more you eat the more good it will do you. It's not what you eat; it's what you digest that does you good. Eat less—take Pepsinco and you'll feel better—you'll thoroughly enjoy what you eat and you'll cut your food bill down.

Pepsinco is an aid to nature. It helps weak stomachs. It prevents strong stomachs becoming weak through carelessness in eating. Let Pepsinco digest the meal that you eat in a hurry.

Time is money—Pepsinco is inexpensive. Hundreds have Pepsinco handy for such an exigency. Many suffer after every meal—they don't use Pepsinco. Thousands eat with a relish—they use Pepsinco.

No need for sour stomach, sick headache, indigestion, bloating, heartburn and food distress. Pepsinco must surely be used when your food kicks back; when stomach pains; when you belch up sour stuff; when you get up in the morning with a mean, disagreeable, dark brown taste; when your food does not taste natural; when stomach revolts at the sight of food; when sleep is interrupted with bad dreams; when breathing is heavy from gas pressure. Pepsinco never fails to help in all cases where misery follows a meal.

Thousands today are using Pepsinco, happy in the thought that they have a reliable preparation to fall back on if stomach fails them. All druggists carry Pepsinco in small packages—large enough to show what they are worth. Get a package today, now, at once and not only help your stomach, but also cut your food bill down.

(Advertisement.)

### H. C. OF L. GOING UP CONSTANTLY

U. S. Bureau of Labor Statistics  
Reveals Increase of Four Per  
Cent in One Month Alone.

#### ONIONS ALONE ADVANCE 77%

Average Annual Family Food Bill  
Moves up From \$339.30 to  
\$425.54 in Three Years.

The cost of living is consistently rising. During the month before February 15, reports the April number of the Monthly Review of the Bureau of Labor Statistics of the U. S. Department of Labor, the combined price of 27 principal foods went up four per cent. Onions led with 77 per cent jump. Potatoes went 30 per cent. Five articles—flour, rice, raisins, coffee and tea were stationary and eggs was the only food that decreased in price.

Substantially, these articles cover the average table menu. Compared with 1916 retail prices most commodities are higher. Only three, rice, coffee and tea, were no higher on February 15 than the average price of 1916. Some articles have risen tremendously; others less in proportion. Of those comparatively innocent of swollen value, nine have increased less than ten per cent.

	Av. 1916	Feb., 1917
Sirloin steak, pound	27.3c	28.7c
Bacon	28.8c	30.7c
Prunes	13.4c	14.1c
Raisins	12.9c	14.1c
Bread	6.5c	7.1c
Milk	9.1c	10.0c
Sugar	8.0c	8.1c
Coffee	29.9c	29.9c
Tea	54.6c	54.6c

Round steak, rib roast, chuck roast, plate boiling beef, ham and canned salmon have increased less than one-eighth in price above the prices averaged in 1916. Lard, eggs, butter, cheese, flour, corn meal, potatoes, onions and navy beans have jumped to prices entirely abnormal. So far as is possible, housekeepers should endeavor to find substitutes for these foods. Many families, it appears, are discarding potatoes in favor of rice and other foods the prices of which remain more nearly normal.

In 1913 the average family food bill within the United States was found to be \$339.30. Like quantities of the same foods in February footed up \$425.54. The greatest element of increase is in potatoes, from \$18.96 to \$44.69 for 882 pounds. Other heavy increases are in eggs, 85 dozen at \$43.07 from \$33.01; flour, 454 pounds at \$25.40 instead of \$15.12; and butter, 117 pounds at \$54.87 in place of \$45.72. Of the whole list of foods, sirloin and round steak only were cheaper in February, 1917, than in 1913.

### WILL NOT INVITE T. R. TO CONFERENCE

One Time Leader of Party Will Not  
Participate in Meeting at St.  
Louis.

#### MAY FORM LIBERAL PARTY

(By United Press.)  
St. Louis, April 3.—Universal military training, nation wide prohibition and the unity of liberals of all parties will be the chief aim of the Progressive party's national conference here next Thursday. Colonel Roosevelt has not been and will not be invited to attend.

Plans today were under way to have committees of the Democratic, Republican, Socialist and Prohibition parties confer with a committee of the Bull Moose and discuss the formation of a party of Liberals to stir the political pot of the country into real boiling condition.

Albert D. Norton, once a republican judge, later progressive gubernatorial candidate in Missouri and during the last Presidential campaign connected with the Wilson speaking bureau, is a leader in the conference.

Greensburg—Refusing to live in a house where her husband kept three dogs, Mrs. Rillie Whittaker sued her husband for divorce.

### We Only Have to Show

man that it pays to use STANDARD HOG REGULATOR to make him a Standard Booster. This is one letter out of a thousand and that the Standard people have received from farmers who used it.

"We have fed 10,000 pounds of STANDARD HOG REGULATOR manufactured by the Standard Chemical Mfg. Company during the past four years. We have not had any trouble either with disease or worms since using the Regulator. We first used it for one lot of hogs and one lot without it, both bunches were running after cattle, we were convinced that the extra gain was enough to justify it. We use a self feeder which makes it very convenient to feed. We have just ordered 1,000 pounds more Regulator and use it all the time for 500 head of hogs."

### County News

#### Glenwood.

The Christian congregation did not hold any services Sunday at the United Presbyterian church.

Perry Meek and son James and Herman Hinchman transacted business at Indianapolis one day last week.

Charles Sparks is confined to the home of Mr. and Mrs. George Dukate with a severe attack of the measles.

Mr. and Mrs. Ray Carpenter spent the week end with home folks near Andersonville.

Mr. and Mrs. Ralph Peck and son John Newton were shoppers in Rushville last Saturday.

The Rev. Daniel Ryan is conducting a series of meetings at the Orange M. E. church this week. All are cordially invited to attend.

Fred Bunzendahl is moving into the Nichols property in the west end today.

The musical entertainment given at the United Presbyterian church last Friday evening was thoroughly enjoyed. Not a very large crowd attended.

The Rev. Daniel Ryan preached a very appropriate sermon at the M. E. church Sunday morning on the subject, "Going Out of Jerusalem." He preached at Falmouth Sunday afternoon and at Orange Sunday night.

Mr. and Mrs. Scholl and family of St. Louis are here for a brief visit with his parents, Mr. and Mrs. Frank Scholl.

A number of Glenwood men lost employment when the Central Body Works burned at Connersville last week.

Mr. and Mrs. Will Ochiltree and family of Connersville were guests of Mrs. Anne Ochiltree Sunday afternoon.

Miss Violet Vandivier is threatened with pneumonia.

Mr. and Mrs. Verne Brooks were guests of Mr. and Mrs. Geise Sunday.

Mr. and Mrs. Everett Clifford attended the funeral of H. L. Ludlow at Fairview Monday.

Several Glenwood men joined the Moose lodge and were initiated at Connersville Sunday.

#### Manilla.

Mrs. Nettie Willis spent the latter

### HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better, in a very short way.

### NOT BROWN TAIL MOTH.

(By United Press.)

Ligonier, Ind., April 3.—Reports that the Brown Tail Moth, which is causing millions of dollars damage in some eastern states, had made its appearance in Indiana near this place, were investigated by L. H. Worthly of the department of agriculture and F. N. Wallace, state entomologist. After making a thorough examination, they found that the White Marked Tussock Moth had been mistaken for the Brown Tail moth.

### PICTURE MEN MEET.

Indianapolis, Ind., April 3.—The annual meeting of the board of indorsers of motion pictures was held at the Claypool hotel today. F. J. Rembusch, Shelbyville, president of the Indiana Motion Picture Exhibitors league, addressed the meeting, explaining the exhibitors point of view on censorship. Miss Georgia Alexander told of the work being done in educating children through motion picture.

Washington—The state fish and game commission will place a new stock of crappies and other fish in Eastside Lake near this city.

## Amusements

This week is the big week at the Shubert Murat theatre, Indianapolis, for on Monday night, April 2nd, commences a week's engagement of Al Jolson, far-famed in Indianapolis, will take possession of the theater with the big original cast of New York Winter Garden musical extravaganza, "Robinson Crusoe, Jr." The attraction, which is described as the most ambitious and elaborate production that ever went forth from that Broadway temple of frothy fun and frolic, numbers nearly two hundred in the cast, including the prize beauty chorus.

Numerous notables figure prominently in the personnel, including Claude Flemming, Lawrence D'Orsay, Frank Carter, Kitty Doner, Mabel Withee, Isabel Rodriguez, Bowers, Crocker, Walters and Grace & Berkes. The story of "Robinson Crusoe, Jr." does not attempt to follow that of the popular mariner in detail, but rather that of a millionaire who, satiated with the complex life of high society in the metropolis longs for the solitude that Crusoe scorned. Over-indulgence in a rarebit sends him on his way and the fantastic dream that follows is enacted on the stage. The book is by Harold Atteridge and Edgar Smith, and the music by Sigmund Romberg and James Hanley, who have sketched out an ideal role for Jolson as Crusoe's "Good Man Friday."

In that guise Jolson's encounter with cannibals, pirates, sprites and all manner of things that infest most unlimited fun as well as a Dreamland desert island provides affording a rare opportunity for spectacularism. In the latter respect "Robinson Crusoe, Jr." may foreshadow a tendency on the part of the Winter Garden management to cater more largely to women and children, for this attraction possesses an appeal to the clientele which has never before been apparent in an offering from that institution. This is emphasized by the

## SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Weyth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Weyth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Chalmers 7-Passenger Touring Car  
Price \$1350 Detroit

## Chalmers Lynite Pistons An Evidence of Chalmers Quality

Chalmers pistons are made from one of the lightest and highest-grade metals obtainable—Lynite, a special alloy of aluminum.

Most cars use heavy cast iron pistons. Much cheaper. Much reduced efficiency.

### 12 1/2-Ounce Pistons

Chalmers pistons weigh only twelve and a half ounces each. About one-third the weight of cast iron pistons. Each one of these Chalmers pistons is true to its die. All pistons are exactly equal in weight.

No greater variation than 1/4-ounce is tolerated in any of the reciprocating parts of the Chalmers.

### Importance of Lightness

A light piston insures smoothness and power. Lighter pistons allow other motor parts of corresponding lightness. Lynite pistons reduce the strain on the bearings 160 pounds per square inch over the cast iron piston.

The wonderful smoothness of the Chalmers at all speeds is largely due to the lightness of the pistons. So also is the motor's remarkable power.

### Compression—Power

Chalmers pistons are provided with three rings of uniform tension, each three-sixteenths of an inch wide. This means better compression—more power.

Below the lowest ring there are oil relief holes to prevent any excess of oil from reaching the combustion chambers.

The above is what we mean by quality in Pistons. The kind of quality you need in the pistons in the car you buy. And the kind of quality you GET in the Chalmers.

importance allotted to the matinee on Wednesday and Saturday.

Of course Jolson has some new songs, a lot of them. What would a Jolson show be without a few Afro-American ditties? Among the numbers, he warbles will be cited "Down Where the Swanee River Flows," "You're a Dangerous Girl," "Yaeki Hicki Doola," "Tillie Cottle Willow," "Mammy's Little Cole Black Rose," and one that has raced into local popularity ahead of the show "Where Did Robinson Crusoe go With Friday on Saturday Night?"

Tickets can be had from Hargrove & Mullin agents here.

## DOESN'T KNOW WHETHER ITS WET OR DRY SO DULUTH VOTES AGAIN.

(By United Press.)

Duluth, Minn., April 3.—This city, which was voted dry one year ago, but which is said to be really legally wet yet, today took another vote to see whether it is wet or dry. It's mind isn't fully made up on the subject.

Following the finding of the city to be dry by last year's election, the charter provisions were injected into the situation, which kept the city wet until July 1. In the meantime the wets had the issue placed upon the ballot this year to see whether this wet city remains wet or this dry city remains dry.

### ASHORE IN CORN FIELD

(By United Press.)

Evansville, Ind., April 2.—The steamship St. Paul carrying 1,000 persons, ashore all night in a corn field two miles below this city, was taken off by three tugs today. The vessel was in no danger throughout the night.

# Do You Want to Sell Your Old Gas or Coal Cook Stove?

## We Will Give

### \$5.00 For any gas or coal cook stove, NOW IN USE \$5.00

# Special Offer

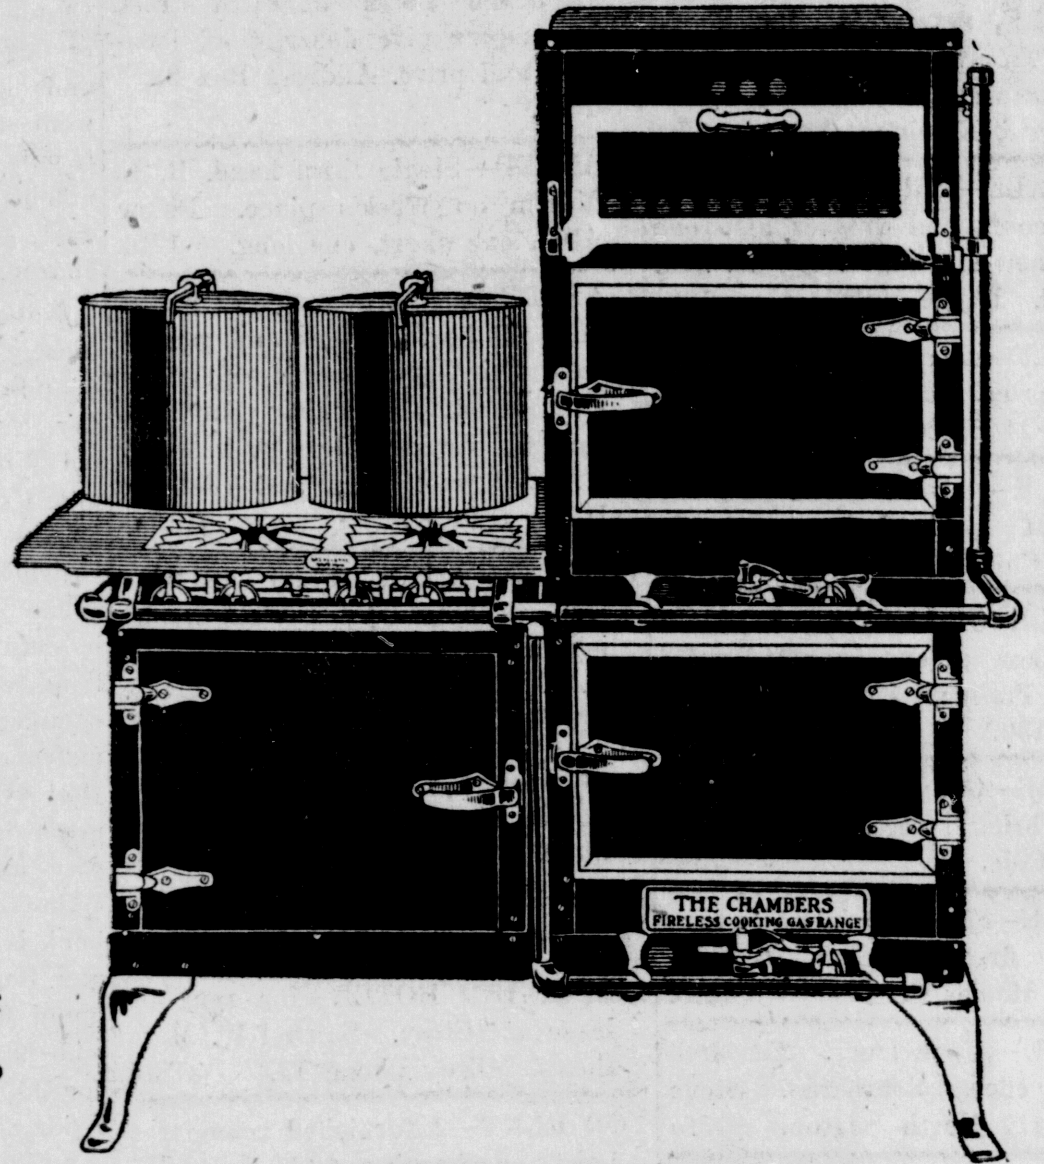

As a special inducement to those who feel that their present old range is still of some value and service to them we make the following offer: If your old gas or coal range is now connected and is in use we will take it off your hands and allow you \$5.00 for it toward the payment of the NEW CHAMBERS FIRELESS COOKING GAS RANGE.

## Understand

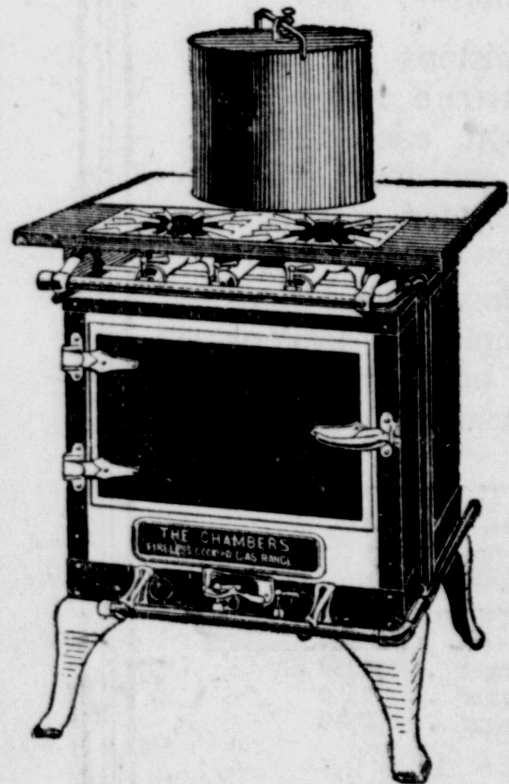

The factory is giving this \$5.00, and not us, but just through our store.  
THE OFFER ABSOLUTELY LASTS ONLY 10 DAYS, BEGINNING APRIL 2, 1917.  
The Range that cooks on two-fifths of the gas it takes to operate any other gas stove. In fact, your Range could be paid for in the saving of GAS and TIME in about twelve months.

## Don't Forget this

We install this Range on an absolute guarantee. How can we do it? Because we sold 64 of them last year and none of them came back. If you care to know who your neighbor is who uses one of these stoves, call us up.

CANNOT RUST OUT

Will your Gas stove bake WITHOUT the GAS BURNING? Ours will. Colleges teach agricultural saving on the farm. This teaches you saving of money, time and health at home. Just think of roasting and boiling all night without a fire. These are just little features which pertain to this range, but by having the opportunity to show you, we can explain to you at least 50 others.

THIS STOVE CAN BE TAKEN APART IN EVERY DETAIL WITHOUT A WRENCH OR SCREW DRIVER. The factory representative is here this week who will call on you and explain this stove in full. For other information Call us

Only one ever made, Chamber Fireless Cooking Gas Range 8 yrs. old

## A Few Timely Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles for Making a Success of the Home Vegetable Patch.

### IX. How To Grow Peas Successfully.

Garden peas are a favorite crop in the home garden, and as they are not easily injured by frosts, they may be planted as soon as the soil can be put in order in the spring, according to the specialists of the United Department of Agriculture. By selecting a number of varieties it is possible to have a continuous supply of peas throughout a large portion of the growing season. In order to accomplish this, planting should be made every 10 days to 2 weeks until warm weather comes. The first plantings should be of small-growing, quickly-maturing varieties, such as Alaska, First and Best, and Gradus. These kinds do not require supports. They should be followed by the large wrinkled type of peas, such as Champion of England, Telephone, and Prize Taker. These may be supported on brush, on strings attached to stakes driven in the ground, or on wire netting.

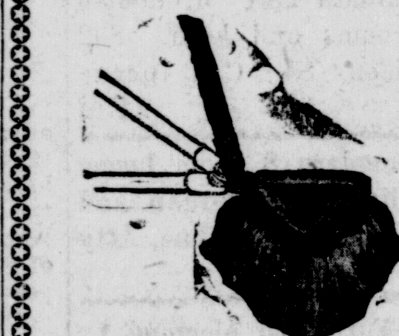

Peas should be planted about 2 or 3 inches deep in rows 3 to 4 feet apart. Some gardeners, however, follow the practice of planting in double rows 6 inches apart, with the ordinary space of three to four feet between these pairs of rows. With varieties requiring support this is a good practice, as the supports can be placed in the narrow space between the rows.

Beans are more susceptible to cold than peas and should not be planted until danger of frost is past and the

ground begins to warm up. They are, however, among the most desirable vegetables that the home gardener can raise. There are many different kinds and varieties of beans, but for garden purposes they may be divided into two classes—string and Lima. Both classes are grown commercially over the greater part of the East and adapt themselves to a wide diversity of soils and climate. They grow rapidly and, therefore, leave the area in which they have been planted free for another crop. To secure a continuous supply, it is desirable to make plantings at intervals of 10 days or two weeks from the time that the ground is reasonably warm until hot weather sets in.

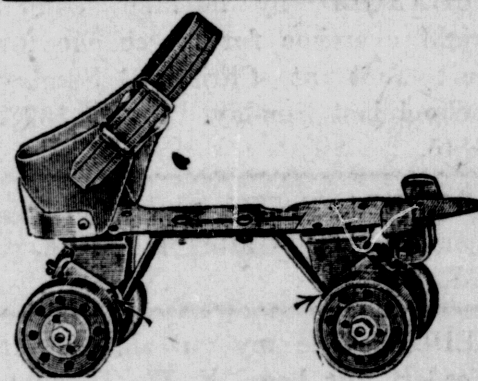

String and Lima beans are subdivided into pole and bush types. The pole Lima beans should be planted with from 8 to 10 seeds in the hill and after the plants become established should be thinned to 3 or 4. The hills should be 4 or 5 feet apart. Bush Lima beans are planted 5 or 6 inches apart in rows 30 to 36 inches apart. Bush beans of the strong type may be planted somewhat closer—the plants standing 3 or 4 inches apart in rows from 20 to 24 inches apart if hand cultivation only is to be employed.

Beans of any kind should not be planted any deeper than is necessary to secure good germination. This should never be over 2 inches and on heavy soil it should not be

more than 1 1/2 to 1 3/4 inches.

Beets can be planted comparatively early in the season. It is not necessary to wait until the ground has become warm, if the danger of frost is past. The seed should be sown in drills 14 to 18 inches apart and covered to a depth of about 1 inch. As soon as the plants are well up they should be thinned to stand 3 to 4 inches apart. From 2 to 3 plantings should be made in order to have a continuous supply of young, tender beets.

## LAFOLLETTE STOPS ACTION ON THE WAR RESOLUTION

**Pacifism Breaks Out Anew in the Senate When Wisconsin Legislator Demands Regular Order of Business and Senator Martin Causes Adjournment, Declaring That Active Steps For Conflict Are Imperative Before Everything.**

**CAUSES POSTPONEMENT IN HOUSE ALSO**

Galleries and Senate as Well Applaud When Senate Leader Demands Immediate Action

**WAR REVENUE DISCUSSED**

**President Wilson Appeals to Congress in Message to Authorize Army of 500,000 Men**

Washington, April 3.—Pacifism in the person of Senator LaFollette today effectually blocked action on the war resolution in congress until tomorrow.

Through a parliamentary maneuver—demanding the regular order of business—he blocked the senate action on the resolution. Heated words followed.

Martin declared the resolution must go through before anything else and in view of LaFollette's demand for regular order of business caused an adjournment until tomorrow.

The house committee, expected passage of the resolution by the senate and the senate caused a postponement here also.

When Martin insisted that the senate take up the war resolution before anything else the galleries and senate broke into applause, a rare occasion. Vice-president Marshall threatened to clear the senate if any further outbreaks occurred.

Republican members of the house committee, especially minority leader Mann talked of opposing the plan for war to be paid for chiefly by this generation. But the democratic majority said that idea, voiced by President Wilson will be heeded.

Bonds will have to be provided for present expenses, it was thought. A heavy tax of excess war profits and big incomes will be the means of raising the bulk of the war revenue.

President Wilson last night asked congress to declare a state of war exists between the United States and Germany.

While the news of the submarining of the steamer Aztec—the first American armed ship to sail into the war zone—was being told from mouth to mouth in the capitol the president appearing before the house and senate in joint session asked congress to recognize and

**Roosevelt Calls To Congratulate President**

Washington, April 3.—Col. Theodore Roosevelt called at the white house this afternoon to see President Wilson, but was unable to meet the president, as he had just left for the cabinet meeting. Col. Roosevelt said he wanted to congratulate the president on his message, declaring it was one of America's foremost state papers.

deal with Germany's warfare on America.

The president said war with Germany would involve practical co-operation with the governments now at war with Germany, including liberal financial credits.

The president urged the organization of an army of at least 500,000 men, chosen "upon the principle of universal liability to service."

The president made it clear that no action was being taken against the Austrian government and the other nations allied with Germany.

Immediately after the president left the capitol the senate and house reconvened and an identical joint resolution was introduced in both houses declaring the existence of a state of war, and directing the president to employ all the resources of the country to carry on war against the Imperial German government and bring the conflict to a successful conclusion.

Because of the opposition to the measure of Senator Stone, chairman of the foreign relations committee, the resolution was introduced in the senate by Senator Martin of Virginia, the democratic floor leader. Representative Flood, chairman of the foreign affairs committee introduced it in the house.

The resolution follows:

"Joint resolution declaring that a state of war exists between the imperial German government and the government and people of the United States and making provision to prosecute the same;

"Whereas, The recent acts of the imperial government are acts of war against the government and people of the United States;

"Resolved, By the senate and house of Representatives of the United States of America, in Congress assembled, that the state of war between the United States and the imperial German government, which has been thrust upon the United States, is hereby formally declared, and

"That the president be and he is hereby authorized and directed to take immediate steps not only to put the country in a thorough state of defense, but also to exert all of its power and employ all of its forces to carry on war against the imperial German government and to bring the conflict to a successful termination."

The resolution was referred to the foreign affairs committees by both houses and adjournment until today followed soon afterward.

## Military Bill Is Introduced In the Senate

**Compulsory Training Measure Provides for Immediate Recruiting of Army of 500,000 Men by Calling All Physically Fit at Age of Twenty Years.**

**GIVES PRESIDENT THE POWER**

(By United Press.)

Washington, April 3.—A universal compulsory military training bill providing for immediate raising of an army of 500,000 was introduced by Senator Chamberlain, chairman of the military affairs committee today.

Under the provisions of the bill the president would be empowered to call out all physically fit men at the age of 20 at once and as necessary men of 21, 22 and 23 would be called.

Three to five million men will probably be raised for the American army. The greatest difficulty will be to get them into 500,000 groups as rapidly as they can be properly officered.

## SEES DEATH-KNELL OF AUTOCRATIC RULE

**London Press Richly Praises President Wilson's Message, Calling it Epoch-making.**

**MORE THAN WAR DECLARATION**

(By United Press.)

London, April 3.—"The death-knell of autocratic rule in Germany," was the outstanding feature which the London afternoon press drew from President Wilson's address.

"It is an epoch making message," said the Evening News, "redounding not only to President Wilson's personal credit and honor but to the credit and honor of the American people. If the German people are not stirred to the depths by the president's appeal for liberty and civilization, then indeed they are beyond all human hope."

"The speech was one worthy of the occasion," declared the Evening Star. "It is more than a declaration of war; it sounds the death-knell of autocracy and of any form of government which makes possible secret diplomatic understandings and intrigues with all the mischievous results."

## 28 PERSONS ARE MISSING

**Ambassador Wires Statement About Sinking of Steamer Aztec**

(By United Press.)

Washington, April 3.—Twenty-eight persons are still missing from the torpedoed American steamer Aztec, according to a dispatch from Ambassador Sharp to the state department today.

One boat has been picked up with nineteen survivors.

London, April 3.—A great outburst of cheering greeted the announcement in the house of commons by Chancellor Bonar Law today that the British ambassador in Washington had reported his belief that congress would comply with President Wilson's recommendations.

## ADDISON HIGHWAY CONTRACT IS LET

**D. H. Fatout of Indianapolis Will Build Road on Ripley-Posey Township Line**

**MAKE FARM SUPPLIES AWARDS**

**Commissioners Await Report of Reviewers on Proposed Highway Through Carthage**

Poor farm supplies contracts were let today by the board of commissioners who continued their April session from yesterday. The contract for groceries was given to Havens Brothers; meats to the Weeks Fresh Meat and Provision Co.; clothing Bliss and Cowing; dry goods, Maury Company and shoes to Winship and Denning.

The commissioners inspected the poor farm today and took dinner with Superintendent and Mrs. Newbold. Before adjourning today the commissioners expected to award the two scholarships to Purdue university for the coming year. One of these will likely go to Howard Brecheisen, who holds the scholarship for this year. There are six applicants for the other place. Howard Miller was the holder of the other Rush county scholarship and he graduates this year, leaving a vacancy.

The commissioners also awaited a report of the re-viewers on the proposed concrete highway along the main street of Carthage. This was the day set for the re-viewers to report and it was understood that a favorable report was to be submitted. This road is known as the W. O. Righter highway and it successfully put through would result in the paving of Main street in Carthage with concrete. The original viewers submitted a divided report and the commissioners appointed new viewers.

The contract for the construction of the Charles Addison road, on the township line between Ripley and Posey townships, was awarded to D. H. Fatout of Indianapolis, the contract price being \$6,195. The road is to be constructed of gravel. Other bids received were as follows: Wilk and Company, \$6,805; Herman Hill, \$6,497 and W. R. Payne, \$6,240.

The Elmer Ellison highway case from Center township will go to the circuit court. The petition was to change a road near Occident. The

## "IRISH ORATOR" TO MAKE ADDRESS HERE

**M. E. Foley of Indianapolis Will Speak at Patriotic Mass Meeting Monday Night**

**LOCAL MEN MAY SPEAK ALSO**

The committee in charge of the speaking at the patriotic meeting next Monday night in the Graham Annex auditorium announced today that M. E. Foley of Indianapolis would be the principal orator. Mr. Foley is a well known Indianapolis attorney and is a public speaker of unusual ability. The committee considered it fortunate in securing Mr. Foley, who is known as "the Irish Orator."

The patriotic meeting promises to take on the appearance of a county meeting. The meeting has been advertised extensively and the committee desire to impress the fact that it is open to the entire county. There will be plenty of music and good speaking and the community is being asked to turn out and show its patriotism. The program has not been completed, but one or two local men may speak before Mr. Foley.

## ADVOCATES CONSTITUTIONAL TAX LIMIT OF ONE PER CENT

**Governor Asks Provision in Constitution to Bring Intangible Property on Duplicates**

**SPEAKS AT FORUM MEETING**

**Also Urges Short Ballot in State Elections and Budget System as Economy Measures**

**DEFENDS EXCISE TAX BILL**

**Says it is Not Only Right But Duty of State to Levy it—Makes a Patriotic Appeal**

Speaking at the first meeting of the Rush County Constitution Forum at the Graham Annex auditorium last night, Governor James P. Goodrich advocated a reform in the state tax laws by empowering the legislature to fix a constitutional limit of one per cent to the tax rate; urged the levying of the excise tax on corporations as a just and lawful method to raise revenue; advised the adoption of the short ballot in state elections and the budget system as economy and efficiency measures; and in closing made a patriotic appeal for the support of the national government in the present crisis.

Robert E. Mansfield, who as a member of the executive committee of the new forum, invited the governor to speak here, also introduced him. Mr. Mansfield said it was gratifying to see so many ladies present because it evidences the fact that they are to take a serious interest in voting.

"Among the most important things to be considered at the convention," Mr. Goodrich said, "we are all agreed, will be woman's suffrage and prohibition, and it is practically settled they will be submitted separately. When you have eliminated these and perhaps home rule for cities, the budget system and taxation are the most important left."

The governor said the present tax law was adopted in 1891 and was called the general property tax. He said it was thought then the tax question was settled, but that through local influences and otherwise the time had come when property was assessed at from five to seventy-five per cent of its real value. He called attention to the fact that the cost of government had increased from 100 to 300 per cent and that the tax rate as a result had been doubled many times. This is due in part, the governor said, to the new functions assumed by the government, good roads, penal institutions, public utilities commissions, workmen's compensation laws, industrial boards, all of which is necessary in the complex life of the times, "and we will continue to branch out."

"Along with the increase in the tax rate and valuation of property has come the disappearance of intangible property," he continued. "As the years go by we have seen the burden grow heavier on the owners of tangible property. In 30 years the state has changed from a debtor to a creditor state by producing more than it consumes, but while wealth has increased rapidly intangible property has increased also. The time was when there was tangible property but now billions of dollars of wealth here in Indiana is not paying a cent of taxes."

"Those favoring no change say all you have to do is to enforce the law and assess property at its true cash value. This is not true because Ohio tried it and failed signally. Real estate in Ohio now pays lacking but a half of one per cent

## GIVE AWAY FLAGS

Every person who attended the meeting of the constitution forum at the Graham Annex last night was converted into a regular patriot, if they were not already one, by the R. H. Jones company. J. W. Tribolet and Henry Rugenstein, from that store, stood at the head of the stairs and pinned a little flag on each person as compliments of the R. H. Jones company.

of the same proportion of the taxes as it did before the change. Intangible property will not pay its share of the taxes unless the rate is low enough to bring it on the duplicate because it will flow from one state to another. I would have a law which classifies for taxation, fixing a definite rate for real estate and a lower rate for wealth. Any system that will drive intangible property on the duplicates is what we want.

"We don't seek to enforce the law regarding assessment of intangible property because we know by seeking out intangible property in banks and trust companies we would bring disaster. If banks and trust companies were compelled to pay taxes on mortgages they couldn't loan a dollar. I believe we should have a provision in the constitution empowering the legislature to fix the limit of one percent on the tax rate, with a possible half of one per cent additional by referendum vote. We would thus accomplish economy."

In defense of his excise tax law which was defeated in the last legislature, Governor Goodrich said the principle was as old as Egypt. He pointed out that 35 states were now levying it. He said the new constitution should provide for one.

"When I go into a corporation," asserted the governor, "I receive certain privileges which my neighbor does not receive. If I go into a bank or trust company I assume a double liability. If I am in a corporation, I can float bonds or preferred stock. I say the state has not only the right but it is the state's duty to compel corporations to pay for the privileges and lessen the burden on the small property owners. The bill in the last legislature would have raised three million dollars in Indiana. The Standard Oil company would have paid \$150,000 and the steel trust \$110,000. Neither opposed the bill because they knew it was fair and right. You are not compelled to pay it. The corporation which does not want to may discontinue. Passage of the excise tax bill would have reduced the tax rate. I believe the next legislature will pass it. Under the present system, city property pays the greatest per cent of the taxes, banks and trust companies are next, farm property next and corporations last. The persons

## COUNTY FORUM ORGANIZED

**Report of Nomination Committee is Adopted Preceding Address**

The Rush County Constitution Forum was formally organized at the Graham Annex auditorium last night preceding the address by Governor Goodrich. The committee which was appointed at the first meeting called to organize a forum reported the nomination of an executive committee of five and the report was adopted. The executive committee had already been notified of its appointment and arranged the meeting last night. The committee is composed of A. L. Gary, Mrs. C. H. Parsons, Miss Nora Sleeth, Robert E. Mansfield and A. M. Taylor.

## His Shop In Order

The progressive merchant has—

An attractive store which acts as a continual invitation—

Polite and painstaking salespeople who serve you intelligently—

A stock of modern merchandise to choose from—well selected, well displayed, the kind the public wants.

This merchant keeps his shop in order.

It is a pleasant place to do business in.

Read about this merchant in today's advertisements.

## MEATS ARE SOURCE OF PLEASURE NOW

Tanlac Has Done Me a World of Good," Says Mrs. William Chapman

Elkhart, Ind., April 2.—Mrs. William Chapman, wife of a farmer who lives three miles northeast of Osceola, near this city, has tried Tanlac, the Master medicine and wants others to know of the benefits she has derived from its use.

"For a long time I have suffered from stomach trouble and rheumatism," Mrs. Chapman said. "My appetite was very poor and what little I did eat didn't have the right taste and wasn't digested properly. Gas often formed on my stomach and caused me to have smothering spells. I was so badly constipated that I had to take laxatives all the time. The rheumatism caused my feet and hands to swell up often."

"Tanlac certainly has given me great relief. My appetite is ravenous now and I enjoy my meals to the fullest extent. All the food I eat agrees with me, too, and is digested properly. I'm never bothered with gas forming on my stomach now and the constipation has been relieved so that I never have to take laxatives. The rheumatism has been relieved so that the swellings have completely vanished."

"Tanlac certainly has done me, a world of good and I want to recommend it."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, loss of appetite and the like and is a fine tonic and a general system purifier.

Tanlac is now being especially introduced and explained in Rushville at P. E. Wolcott's; in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy and Sons, and in Milroy at Barton and Shepards.—(Adv.)

## ADDISON ROAD CONTRACT LET BY COMMISSIONERS

Continued from Page 1.  
Viewers favored the improvement but failed to assess benefits or damages. This is outside of the power of the commissioners and they approved the report. A remonstrance was filed by Anna J. Sipe, Anna E. Kiser and L. M. Newhouse. The remonstrators were granted an appeal to the circuit court and the bond fixed at \$100. In changing the road under the petition, it is understood that it would run in the rear of the Kiser home whereas it now passes in front of the house. The remonstrators object to changing the road on the grounds of property loss and inconveniences.

The Clark and Caldwell Hardware and Franklin dealers have moved to their new location, 123 West 1st, two doors west of Cowing Bros. Implement Store. Phone 2155.

## ADVOCATES CONSTITUTIONAL TAX LIMIT OF ONE PER CENT

Continued from Page 1.

least able to bear the burden are paying five to ten per cent more than their share. The very persons we ought to encourage we are discouraging. The citizens of Rush county are paying eight to ten per cent more in proportion to support the state than the citizens of Lake and other counties with large industrial centers."

In discussing the value of the budget system, Governor Goodrich explained that all appropriations originate in the lower house of the legislature and that members of the legislature, most of them new, are expected to acquaint themselves with the needs of the state and pass an intelligent bill in sixty days. He said it was impossible to fix responsibility for anything which goes into the appropriation bill and that the hands of the executive are tied because he can't veto the bill without losing the whole bill, which would necessitate an extra session. The governor declared increases went into the appropriation bill in the last legislature which would not have gone in if the budget system had been in effect. He asserted there is no constitutional government in the world without the budget system except America.

His idea is to provide in the constitution that the governor shall present to the legislature a budget of expenses for the two years and that he shall be required to go on the floor of the legislature and defend it. He said the legislature should have the power to cut the budget but not increase it, and that it should be made the first order of business.

"Do you think any governor," he asked, "would put into a budget \$5,000 to reimburse an official for fees he thought he was entitled to? Yet that is what happened in the last legislature and it was impossible to fix the responsibility for that act. The legislature voted on the bill as a whole and anything could be slipped into it."

The governor declared opponents of the system said it gave the governor too much power. He pointed out that the farmers of the present constitution feared the ruling class and made as many checks as possible on executives. While it gives the governor more power, Mr. Goodrich said, it makes him responsible to the people. He declared the tax question and budget system go hand in hand and should be considered as such by the convention. The governor said the present tendency was to centralize authority in government and declared if any private business were conducted like the state, it would soon be bankrupt.

Discussing the short ballot in state government, Governor Goodrich asserted efficiency and economy would be promoted if only the governor, auditor, treasurer and judges were elected and the other state officials appointed. He declared dissipation of power caused extravagance. He pointed out that Indiana elected an attorney general, who is only an arm of the executive, a geologist, statistician, and even a school teacher. Only two states in the union elect the latter, he said. "It is just as dishonest," he declared, "to squander the peoples money as it is to rob a bank."

In closing, Governor Goodrich pleaded for the support of the president in the crisis. He recalled that Indiana has always done her part in past national emergencies and said he felt sure she would again.

"There has been talk," he said, "that we have become a nation of shop keepers, seekers of wealth, that we have lost our patriotism. But if nothing comes of the present crisis, it will reveal to the world that the blood of the men of '76 and '61 courses through our veins."

## TRUSTEES RECEIVE BLANKS

School Enumeration Will Get Under Way on April 10

All but four of the township trustees received their enumeration supplies yesterday from Superintendent George when they attended the monthly meeting of the board of education. The work of taking the school enumeration will start on April 10. The enumeration this year will not differ from that of last year as the forms are the same. The work in the township is done by the trustees while the school board has charge of the work in Rushville.

## COUNTY DEPOSITS SHOW INCREASE

More Money on Hand Last of March Because of Bond Sale of \$46,800 and Premium

ADDITIONS THIS MONTH TOO

Deposits Will Rise Because More Taxes are Paid in April Than any Spring Month

Rush county had the sum of \$331,368.38 on deposit in the banks and trust companies of the county at the close of business March 31, according to the financial statement filed by the county treasurer with the board of finance. This sum was larger than the previous month, due to a bond sale of \$46,800 and the premium. In February the sum on deposit was \$262,922.56.

The sum for this month will be large on account of the tax paying season starting. The amounts on deposit follow:

Rush County National	\$77,841.61
Rushville National	61,257.28
Peoples National	45,148.22
Peoples Loan & Trust	32,250.89
Farmers Trust	19,131.57
Carthage bank	44,089.16
Arlington bank	8,276.55
Manilla bank	8,110.91
Milroy bank	12,144.43
Mays bank	11,748.05
Falmouth bank	5,092.72
Glenwood bank	12,276.99

Total \$331,368.38

The interest received from these deposits amounted to \$469.55 and was as follows:

Rush County National	\$106.49
Rushville National	88.44
Peoples National	67.40
Peoples Loan & Trust	38.32
Farmers Trust	28.53
Carthage bank	60.70
Arlington bank	11.80
Manilla bank	11.60
Milroy bank	19.74
Mays bank	14.26
Falmouth bank	7.66
Glenwood bank	14.61

Total \$469.55

## SUGGESTED K. OF P.'S ORGANIZE REGIMENT

Local Lodge Receives Communication Asking That Names be Obtained for Enlistment

URGED TO DO PYTHIAN DUTY

P. A. Priest of Marion, Ind., grand chancellor of the Knights of Pythias lodge of Indiana has suggested the formation of a regiment of Knights of Pythias and offer the services of the regiment to the country for the war with Germany. In a circular letter sent to all lodges of the state it is urged that a committee be appointed to obtain the names of members who will join the colors and then get in communication with Col. Frank Shellhouse of Indianapolis who will assist in the organization.

The communication will be read to the local lodge. The grand chancellor urges every lodge to do her Pythian duty and asks that the members do honor to the order by preferring to the country their service in this crucial hour.

## SCRATCHED 10 YEARS HEALED IN ONE WEEK

Finally Cured by Using One Dollar Bottle of Amolox.

One bottle of Amolox cured me. For ten years I suffered with eczema of the scalp, my head being covered with scales and scabs. I tried everything recommended and everything advertised without relief until I bought a bottle of Amolox. It relieved the itching at once and one bottle entirely cured my eczema. I heartily and cheerfully recommend it to all sufferers of this horrible disease.

JAMES W. SEWARD, Brazil, Indiana.  
Amolox Ointment alone will quickly banish pimples, blackheads and take out all redness of the skin and cure most forms of skin disease. Bad, chronic cases of Eczema, Psoriasis, Tetter, that have lasted for years, yield more quickly when both ointment and liquid are used.  
Send postal for free sample to Amolox Laboratories, Youngstown, Ohio.  
If you are today, try it size free. It is said to do what is claimed of it. It will be cheerfully paid back by HARGROVE & MULLIN, Druggists, RUSHVILLE, INDIANA.

Terre Haute—Members of the Terre Haute militia company, mobilized by orders of the war department, are being fed on chicken dinners while waiting for the orders to move.

**GREAT REJOICING BY RHEUMATIC CRIPPLES**

If So Crippled You Can't Use Arms or Legs Rheuma Will Help You or Nothing to Pay.

If you want relief in two days, swift, certain, gratifying relief, take one-half teaspoonful of Rheuma once a day. If you want to dissolve every particle of uric acid poison in your body and drive it out through the natural channels, so that you will be free from rheumatism, get a 50-cent bottle of Rheuma from your druggist today. Rheumatism is a powerful disease strongly entrenched in joints and muscles. In order to conquer it a powerful enemy must be sent against it. Rheuma is the enemy of rheumatism—an enemy that conquers it every time. Judge John Barhorst of Ft. Loramie, Ohio, knows it. He was walking with crutches; today he is well. It should do as much for you; it seldom fails. Rheuma is sold with a guarantee by JOHNSTON'S DENT STONE.

### The Display of the Flag.

In some parts of the state subscriptions have been taken for the purpose of buying flags to be displayed at school buildings. Such a procedure is wholly unnecessary because state laws provide for the purchase and display of flags over school buildings by school boards and trustees.

Some schools have been lax about this injunction of the statutes, and now would be a very good time for them to see that the law is obeyed. In fact, every public building in Indiana should display a flag, especially now when the time is propitious. Besides, the flags should be properly taken care of. They should not be allowed to be flapped into disgraceful condition so that one's patriotism just naturally gets to a low ebb at sight of it. Flag etiquette calls for the lowering of the flag at sundown and raising at sunrise. The Muncie Press calls attention to the flag laws in the state.

6413. Flags for Schools—1. It shall be the duty of the township trustees, boards of school trustees and boards of school commissioners of the various school corporations of this state, upon the petition of a majority of the school patrons of a district school to procure a United States flag not less than 6 feet long for each school under their supervision. (As amended, Acts 1911, P. 453.)

6414. Display of Flag—2. The township trustees, boards of school trustees and boards of school commissioners of the various school corporations in this state shall cause the United States flag to be displayed upon every public school building under their control on every school day such school is in session. Provided, the weather conditions permit. Such trustees and boards shall establish rules and regulations for the proper care, custody and display of the flag and when for any cause it is not displayed, it shall be placed conspicuously in the principal room or assembly hall of the school building. (As amended, Acts 1911, p. 432.)

### Limber Up Muscles Drive Out Soreness

Use Speedway Liniment and You Can be Free From Pain and Stiffness

The best and quickest way to relieve muscular soreness or stiffness of the joints is to use plenty of Speedway and rub it in wherever the pain is. It will not blister or burn—will not do the slightest harm to flesh or clothing. It is absolutely harmless and antiseptic. You can feel free to use it on the tenderest skin. Speedway is the original prescription of an old physician, who used it with pronounced success for many years. It is good for rough skin, chafed skin, and all kinds of bruises. It is the scientific liniment. Go to your nearest drug store and get a bottle today. Use freely and apply under bandage in extreme cases of rheumatism, lumbago or sprain. Especially prepared by the Speedway Laboratories at Shelby, Ohio. Hargrove & Mullin and F. B. Johnson & Co.

pal room or assembly hall of the school building. (As amended, Acts 1911, p. 432.)

64. Destruction or Mutilation.—3. It shall be unlawful for any person to mutilate or destroy any flag so owned by said school corporation or to mutilate or destroy any flagstaff or appliances belonging to said school corporation as aforesaid.

6416. Penalty.—4. Any person violating the provisions of section 3 of this act shall be guilty of a misdemeanor and on conviction shall be punished by a fine of not less than \$25 for the first offense, and not more than \$100 for the second offense, to which may be added imprisonment for not more than thirty days.

### What War Means.

We have all banded about a great deal the word war but few have ever analyzed the situation. Aside from the actual cost in money, and also in lives if we become involved in a real war, we must prepare for the opening of a new era at the outset of hostilities. Henry Clews, the New York financier, calls attention to this very important detail, the vast change in the position of the United States when war begins.

Whether we like it or not, the time-honored policy of isolation in foreign affairs will depart forever, never to return; so hereafter we will be an influential member of the family of nations, and must courageously assume the duties and responsibilities that we have too frequently been inclined to shirk. Our attention at the moment is mainly occupied with preparations for war; yet we must not overlook the new foreign relationships that peace will force us into. The United States will take an important part in the council chamber when the new terms of peace are discussed, and commercial relations between the various nations, especially the Allies, will prove a very important factor in the discussion. Many new treaties will follow, new tariffs will be made, old ones revised and the whole order of international exchanges will of necessity undergo great changes. Even before these things happen, we will find ourselves committed by events beyond our control to closer intimacies of interdependencies with Europe. Our immense new investments in foreign securities, the large credits we have recently given foreign governments and the probability of our making still larger ventures of this sort all tend to bind us closer and closer to Europe, to set free new economic forces the world over, and to sweep this country away from its old policy of isolation. The once popular cry of "No entangling alliances," was suited to former conditions, and the more careful we are about forming international bonds the better, there should be no secret treaties. But the underlying reality of a common interest and interdependence between ourselves and other nations cannot be ignored, and the unseen ties which are thus created will prove even more binding and safer than any formal treaties. New policies should be made as liberal as possible. Restrictions upon commerce should be kept at the lowest possible point, and all efforts at retaliation and discrimination should be discouraged at the start; for, in politics as in trade, liberty of opinion and freedom of action is the surest road to peace and prosperity.

Enjoy your money while living. Others will make it fly when you are dead.

Extravagance and parsimony are both sins, but there is a happy medium which makes you actually human.

A loyal American is one who places the welfare of America above that of all other nations.

General Wood at least has the consolation of knowing that he has been right, even if he couldn't continue as head of the Department of the East.

### NOTICE OF ADMINISTRATION.

Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush county, State of Indiana, administrator of the estate of William E. Havens, late of Rush county, deceased.

Said estate is supposed to be solvent. EMMA HAVENS, Administrator. Douglas Morris, Attorney. April 2, 1917. April 10, 1917.

# 14 Cent Corn

FRED SUHRE  
Champion Corn Grower of Indiana

Fred Suhre of Columbus grew 530 bushels of shelled corn on five acres, or an average of 106 bushels per acre, at a cost of only 14 cents a bushel, and won the 1916 Corn Championship of Indiana.

### Suhre Farm Results, 1916

Corn fertilized with Swift's Fertilizer, containing ammonia and phosphoric acid, produced an increase per acre over the unfertilized of 19 bu.  
Corn fertilized with only acid phosphate produced an increase per acre over the unfertilized of 9 bu.  
Additional yield per acre from the ammonia 10 bu.

Norris McHenry, 1914 State Champion Corn Grower of Indiana, had the following results on two five-acre plots:

Where Swift's Fertilizer was used, the average yield per acre was 112.1 bu.  
Where competitors' fertilizer was used, the average yield per acre was 93.1 bu.  
Additional average yield per acre where Swift's Fertilizer was used 19 bu.

The results from the Suhre and McHenry farms prove that Swift's Fertilizers are the best, and that Swift's Fertilizer containing ammonia is the most profitable.

## SENATORS WANT A WAR DECLARATION

Both Watson and New Believe Conflict is Inevitable and Urge a Virile Policy

FORMER OUTLINES PLANS

**Says U. S. Should Arm Vessels, Convey Merchantmen and Aid Allies With Money**

Washington, April 3.—Notwithstanding a flood of special delivery and registered letters and telegrams from Indiana expressing opposition to war with Germany, both of the Indiana senators believe war is inevitable and can see no other way out of the present situation.

Furthermore, both are in favor of a most virile policy in dealing with the Kaiser. Senator Watson expressed himself last night as being in favor of a "straightout declaration of war." Senator New warned against "making war in a mushy way."

"If I could have my way," said Senator Watson, "Congress would pass a resolution making a straightout declaration of war on Germany and then would proceed with a vigorous policy. In my judgment three things should be done. First, we should proceed with the arming of merchant vessels. Secondly, we should convey our merchant vessels through the danger zones with battle ships and cruisers. Lastly, we should assist France, England, Russia, Italy and other countries that are fighting Germany by sending money and supplies. With our aid in this way I believe the allies can crush the house of Hohenzollern by Christmas and when the military autocracy represented in that house is smashed the war will be over and the world may again rest in peace. I would not send any men to Europe. They are not needed and we may require all our army at home."

Senator New said:

"The time has come when this country is about to declare war. No other course is possible, and I believe, since we are going into the war, that we should go in as though we mean business. I do not think we should undertake to go into the war half way. In other words, we should not wage war in a mushy way, but should go in to win. War is not to be undertaken lightly, but once started it should be prosecuted to a finish."

Senator New said he did not believe the countries fighting Germany need any men from the United States, but it will be highly important, he added, that an army be raised for home defense.

"It is perfectly absurd to go into war without an army," he said. "When a war is started no one ever knows where it will stop or what foes we may be called upon to meet at home."

While pacifist messages predominated in the deluge from Indiana, there was a considerable number of the other kind. The Rev. Charles H. Taylor, William Lowe Bryan and James A. Woodburn of Indiana university sent resolutions adopted at a mass meeting at Bloomington which declared against any half way measures in dealing with the German menace. The resolutions read: "We are not a craven people and we ask the President and Congress to act with vigor as becomes the leaders of a brave and honored nation."

Telegrams urging the Indiana senators to vote that a state of war exists came from H. S. Jackson, Mark H. Liddell and C. Francis Harding, of Lafayette, Ind.

The Princess offers the Paramount feature "My Lady Inceog" for the program tonight. Hazel Dawn is featured in this novel comedy drama. There are many dramatic incidents as well as amusing episodes. Tomorrow Lionel Barrymore will be seen in the drama, "The Quitter."

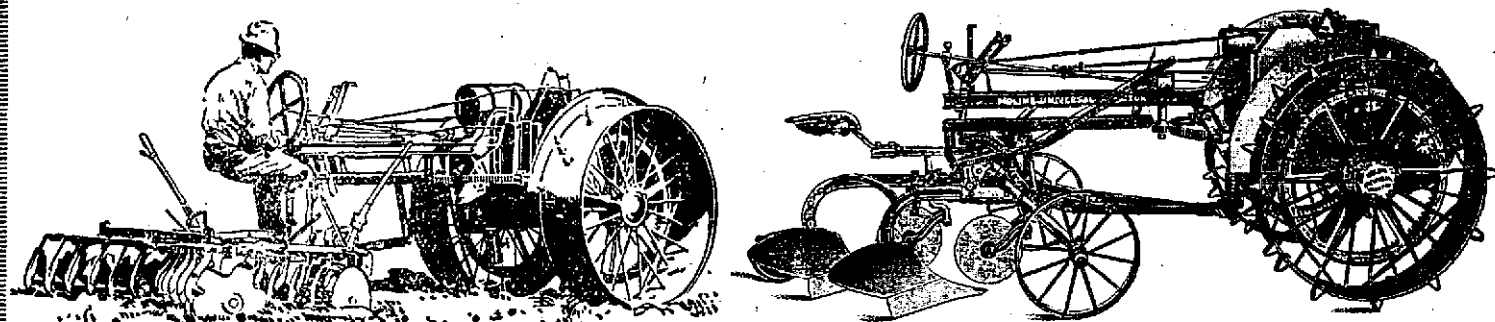

"April" is the title of the five reel feature at the Lyric tonight. Helen Rosson is featured and it is said to be a fascinating mountain

## Moline Universal One Man Tractor

The Most Powerful Tractor in the World, to its Pounds of weight.

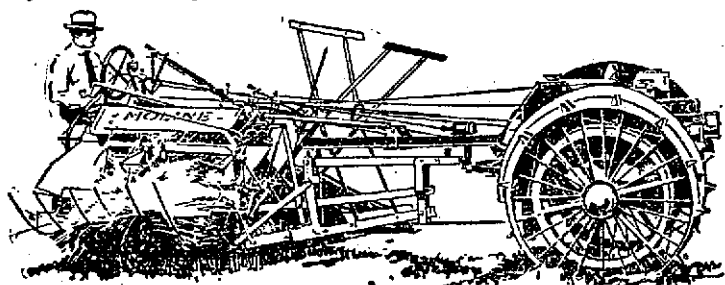

For All Field Work — Plowing, Harrowing, Planting, Cultivating, Mowing, Haying, Harvesting, Etc.

10 to 12 H. P. on the Belt for Stationary Work.

### REASONS WHY THE MOLINE - UNIVERSAL IS IN A CLASS BY ITSELF

- Operator controls entire outfit from the seat of the implement—only one man required.
- Pulls the usual 5-horse load.
- Does as much work as seven horses owing to its greater speed and endurance.
- Costs less than four horses.
- Requires less care than one horse.
- Eats only when it works.
- Weights about the same as a team, and from 1500 to 2000 pounds less than any other tractor of equal power.
- Handles easier than a team.
- All the weight on the drive wheels—every ounce available for traction.
- Turns in a 16-foot circle.
- Backs as easily as it goes forward.
- Plows from four to twelve acres a day.
- One wheel runs in the furrow—practically self steering.
- Does not pack the soil.
- Works close to fences and in corners—just right for work in small fields.
- Cultivates from sixteen to twenty acres a day.
- Thirty-one inches vertical clearance.
- Can easily and quickly be attached to mower, binder, hay rake, harrow, planter, lister, grain drill, etc.
- Develops from 10 to 12 h. p. for grinding, pumping, cutting silage, sawing wood, running lighting or power plant.
- Motor is two cylinder opposed, cast en bloc with detachable heads.
- Automatic force-feed lubricator oils all parts.
- High tension magneto—no batteries.
- Hyatt roller bearings used exclusively.
- Steel cut gears.
- Governor that perfectly controls motor at all speeds from 1 to 3 miles per hour.
- Traction lugs or cleats furnished to meet all soil conditions.
- Compact, simple and efficient.
- Regularly equipped with one 16 or 18-inch sulky, two bottom 12 or 14-inch gang or two disc gang, extra heavy construction and power lift.
- Can be furnished with rear carrying truck as an extra; also attachments for disc harrow, grain drill, planter, cultivator, mower, grain binder, corn binder, etc.
- Manufactured by a company with \$19,000,000 paid-up capital who will stand back of it.

On exhibition at Walter Duke's Farm.

For further information see

## WALTER G. DUKE

romance. Tomorrow the next episode of "Pearl of the Army" will be shown. Ben Wilson who plays a dual role in "The Mainspring" at the Gem tonight is one of the "old guard" of the Universal players, having been with the company several years and an actor of vast experience having been connected with some sort of show business ever since he was a boy. He was a member of the "Seven Days" company which enjoyed a Broadway run of fifty-two weeks. He will be remembered for his excellent acting in "Society Hy-poerites" played at the Gem several weeks ago. —Mrs. Elsie Wells of Connersville was the guest of her mother, Mrs. Lewis M. Clark yesterday.

# SOCIETY NEWS

Church Societies, Parties, Weddings, Dances, Literary and Musical Organizations, Sewing Circles, Card Clubs and Many Other Things of Interest to Women.

The Social Dozen, meeting which was to have been held with Mrs. Fred Caldwell Thursday, has been postponed.

Mrs. Lou Weeks and John Bohland were entertained at supper last evening by Mr. and Mrs. Charles Coons of Glenwood.

Mrs. O. M. Dale entertained two tables at 500 yesterday afternoon at her home in North Main street. Easter decorations were used to adorn the rooms, in which the guests spent a delightful afternoon over cards.

One of the most enjoyable affairs of the season, was an informal pitch-in supper given by Norman Reed, at his home in North Perkins street last evening. The guests included Harry Schmalzel, Thomas Saunders, Hubert Alexander, Howard Stiers, Lawrence Payne, Dwight Van Osdel and Alfred Norris.

The dining room of the Seanlan house was draped with flags and small flags were given as favors last evening, when a supper was given in honor of Governor J. P. Goodrich of Indianapolis. The guests included Will M. Sparks, J. D. Megee, S. L. Trabue, R. E. Mansfield, E. B. Thomas, J. H. Kiplinger, Voorhees Cavitt, John Geraghty, G. P. Hunt and A. L. Gary.

In honor of her house guest, Miss Mary Wallace of Brookville, Miss Anna Stearns entertained ten guests at a sewing party yesterday afternoon, at her home in West Second street. Easter decorations were prominent in all the rooms, and a color scheme of yellow and white was also carried out in the dainty refreshments which were served.

The Woman's Missionary society of the Little Flat Rock church, will be entertained Thursday afternoon at the church, by the ladies of the April division of the society. The hostesses include Mrs. William Morgan, Mrs. Orlan Myers, Mrs. Cliff Stevens, Mrs. John Casady, Mrs. Cliff Wyley, Mrs. John Dewester, Miss Mary Holman, and Mrs. Ross Smith, who will be the leader.

Mr. and Mrs. Charles Leisure entertained Mrs. W. T. Newhouse, Mr. and Mrs. Tom Bird, Mrs. Ina Hawk, Mr. and Mrs. Ira Donnell, Mr. and Mrs. Frank Donnell of Arlington, Mr. and Mrs. Glen Moore, Mrs. Ed Retherford and daughter, Marjory, and Miss Lorene Bird, with a three course luncheon today. Easter decorations and flowers were used as a table decoration. A social afternoon was spent with music and cards.

Mr. and Mrs. P. G. Hackleman and son, Ralph, Miss Libbie Hackleman, Mr. and Mrs. H. Louis Mauzy, Miss Helen Sender, Miss Frances Frazee, Byron Cowing, Scott Buell and Perry Ouel will go to Indianapolis tomorrow to attend the wedding of Miss Catherine Hibben and Ward Hackleman of Indianapolis, son of Dr. and Mrs. Hackleman. The wedding will take place at the Hibben home at 1449 North Delaware street, Indianapolis, tomorrow night.

## Social Calendar

Wednesday

Tri Kappa with Mrs. Earl Moore, 816 North Harrison street, at night.

Psi Iota Xi with Miss Leah Flint at her home, 1109 North Perkins street, assistant hostess Miss Laura Holden.

Young Woman's Missionary society of the U. P. church in the afternoon with Mrs. Robert Conover, 1021 North Maple street.

C. W. B. M. at 2:15 in the parlors of the Main street Christian church.

The Band of Workers of the First Presbyterian church, at 2:30 in the church parlors.

The C. W. B. M. will meet tomorrow afternoon at 2:15 in the basement of the Christian church. The members are requested to bring the mite boxes. The program for the meeting will be as follows: Bible Study, Mrs. H. S. Carney; "A Glimpse of Pre-Spanish Days," Mrs. G. V. Conaway; "The Spanish Conquest," Mrs. Emma Talbert; "The Introduction and Growth of Romanism," Mrs. C. L. Newhouse; "The Gospel Given to Western Europe," Mrs. J. H. Frazee; Music, Miss Mary Louise Wyatt. The hostesses of the society will be the ladies of the April division.

Honoring the birthdays of their mother Mrs. Emma Lawson, and uncle Z. T. Lawson, Mr. and Mrs. Thomas Lawson and Mr. and Mrs. Ralph Lawson entertained with a family dinner last Sunday, at their pretty country home southeast of Milroy. The relatives and friends enjoying their hospitality were: Mr. and Mrs. John Logan, Mr. and Mrs. Lowell Vickery of Union township, Mr. and Mrs. Martin Mahin and daughter, Cora, Mr. and Mrs. Ben Stevens, Mr. and Mrs. Ross Stevens and son, Lloyd, of Noble township, Mr. and Mrs. L. R. Webb and son Forest, Mr. and Mrs. Elmer Braman and son Herbert of Walker township. After an enjoyable day the guests departed, wishing them many more as happy birthdays.

One of the most interesting programs of the year was given by the members of the Ladies Musicales last evening, when they entertained 20 members of the Connersville division of the Musicales. The assembly room was appropriately decorated with flags, ferns and potted plants. The program included a sextet, "A Night in June" by Sudds, Mrs. Parke, Mrs. Aldridge, Mrs. Chambers, Miss Black, Miss Amos, Miss Stiers, a vocal solo, by Mrs. Charles Offutt; piano duo, "La Traviata," by Alberti, Miss Madden and Mrs. Rebout; patriotic dialogue, by Miss Smith and Miss Frances Frazee; violin solo (a) "Indian Summer," Dvorak-Kriselen (b) "Hungarian Dance," Harsch. (c) "Scherzo," Geons, by Miss Leona Thomas; piano quartet, "Sixth Pastoral Symphony," by Beethoven. Mrs. Parke, Miss Madden, Mrs. Rebout and Mrs. Aldridge; vocal duet, "The Night Sea," by Mrs. H. H. Beach, Mrs. Amos and Miss Buell; piano duo, "Dance Macabre," by Saint Seans, by Miss Smith and Miss Kitchen; vocal duet by Mrs. Carl Behr and B. F. Miller; piano duo, "Prelude," by Liszt, Mrs. Hugh Mauzy and Miss Jesse Kitchen; violin trio, "Alta Marcia," by Wolfman, Miss Leona Thomas, Miss Janet Dean, Miss Gladys Titworth; chorus, "Approach of Spring," by Gade. After the program dainty refreshments were served.

## ANOTHER MEETING SET FOR TONIGHT

Factory Boosters Will Gather at 7:30 at Court House Assembly Room to Discuss Plans.

\$6,200 IN STOCK IS SOLD

Another meeting will be held at the court house assembly room tonight at seven-thirty o'clock to finish up the plans for location of the Modern Appliance company of Chicago. It was announced today that \$6,200 had been subscribed towards the \$10,000 which is needed to buy stock in the concern in order to bring it here and it was expected this sum would be increased during the day.

Handbills were distributed today calling attention to the meeting and urging the attendance of everyone who is interested in the factory. The committee is anxious to settle the matter immediately because the sooner the company is moved here, just that much sooner will it grow and become an institution of which Rushville will be proud.

## TAKEN TO REFORMATORY

Paroled Boy Who Turned in False Alarm Returned to Prison

James George, 18, who confessed to turning in a false fire alarm, about a month ago, was taken to the reformatory at Jeffersonville yesterday afternoon by Field Officer Slayter. George has been held in jail here ever since he turned in the alarm. The prison authorities were notified that he had broken his parole, but did not come here after him until yesterday. George was originally sentenced for stealing a pair of skates and was paroled last January on account of ill health.

## PICKSHIGHWAYCOMMISSION

Gov. Goodrich Announces Names of Four Men For Places.

(By United Press.) Indianapolis, Ind., April 3.—Governor Goodrich today appointed members of the state highway commission created by the last legislature. They are: Davis C. Jenkins, manufacturer of Kokomo; L. H. Wright, master of the Indiana Grange, Indianapolis; S. W. Taylor, Boonville, member of the state board of agriculture and Haynes Egbert, manufacturer of Goshen.

## WILL ASK FOR \$5,000,000

Michigan Governor Seeks Fund to Equip State Soldiers

(By United Press.) Lansing, Mich., April 3.—Governor Sleeper in a special message to the legislature tonight will ask an appropriation of \$5,000,000 to equip Michigan soldiers, defend the state and make provision for the care of families dependent on the soldiers.

## ONE KILLED IN EXPLOSION

(By United Press.) Boonville, Ind., April 3.—One man was killed and five others injured in an explosion in the Erie Canal coal mine today. James Carleton was the man killed.

## VOTE ON WAR QUESTION.

(By United Press.) Monroe, Wis., April 3.—The first war referendum in the United States is being held here today. The citizens of Monroe are voting on whether the United States should go to war with Germany. The vote is being taken in connection with the regular city election. A notable percentage of the population here is German and Swiss and the result is being watched with keen interest in Washington and elsewhere.

The Rushville National bank has filed suit on a note against Charles Ellison, Julie Ellison and William L. Brown, demanding \$250.

The New Salem high school will give their play, "The Laughing Cure" at Glenwood, Friday April 6th. Also an operetta with the play, 1913.

# For Glad Easter Day

## Are You Ready?

You probably want a new silk dress—we have scores of models, no two alike, and their extreme beauty and novelty will delight you. Fashioned from the season's most favored silken fabrics, they bring to your person all the charming colors of a spring morning. They were personally selected in New York's highest class show rooms, possessing a certain distinction in appearance, which will gratify you. The materials are jersey, crepe de chene, charmeuse, taffeta, poplin, washable satin, tussah, shantung and georgette. We assure you that a visit to this department will be both a pleasure and a reward. The prices range from \$13.50 gradually up to \$39.50, with a vast number at the popular price of

\$20.00!

Surely, this is the season when you will wish a new suit

Our showing is now complete and is a very wonderful collection of the season's best offerings. Wooltex and many kindred high class lines are featured. Whatever may be the particular style you favor, whether conservative or extreme, we are reasonably sure we can please you. This showing of suits is the equal of any market, and we only ask the privilege of exhibiting them to you.

Dressy Coats For Every Occasion. A Multitude of Silk Waists.

New Coats and Dresses for Girls. Beautiful Skirts

### ALTERATIONS

There will be great demand this week on the alteration department. To be sure of getting the garment you wish for Easter Sunday, purchase early in the week.

### CORSETS

To be properly gowned, you should have the proper foundation. Our corsetiere fully understands your requirements and you are assured a fitting based on expert knowledge.

## NEW PEACE OFFER IS BEING RUMORED

Leading Paper in Berlin Says it is Being Considered, Amsterdam Dispatches Declare

### RECALLS RECENT STATEMENT

(By United Press.) Amsterdam, April 3.—The Central powers are planning a new peace offer, a leading paper in Berlin stated this afternoon.

There has been frequent and persistent rumors that the Teutonic nations were preparing to make another bid for peace. The nearest official announcement came from Czernin, foreign minister of Austria-Hungary, who recently declared the Central powers desire for peace was still open for discussion.

Continental newspapers have continued to lay stress on the minister's statement of the likelihood of the Central powers making concessions.

## ESTABLISH A RECORD PRICE

Rush County Hogs Bring \$15.70 on Indianapolis Market

Rush county hogs established a new record price at the Indianapolis market yesterday when a full load sold at \$15.70. The hogs were fed by E. B. Moore on the farm of J. W. Anderson, near Milroy. There were seventy-one head of Duroc-Jerseys, averaging 271 pounds, and they brought the total of \$3,023.82, the most money ever paid for a single deck of hogs in Indianapolis. Anderson also had another lot of forty-four hogs, averaging 252 pounds that sold at the record price.

### SAFETY FIRST GETS RESULT.

Washington, April 3.—"Safety First," which the country has been hearing so much about for several years, is beginning to show substantial results in the mortality among miners, according to the Bureau of Mines here today.

Mines throughout the United States have been exacting a yearly toll in about 3½ men in every 1,000 employed. The latest figures available are the lowest in 8 years and the prospect is for still greater decreases.

## EVANSVILLE MEN TO CHANGE THEIR PLEAS

Evansville Republicans, Indicted for Election Conspiracy, to Appear Before Judge

### 36 FIRST DENIED ALL GUILT

(By United Press.) Indianapolis, Ind., April 3.—Republicans of Evansville, indicted in the election fraud conspiracy by the federal grand jury, will come to Indianapolis Wednesday and plead guilty before Federal Judge Anderson, it was definitely learned today.

On arraignment March 21 the men pleaded not guilty but have asked to be allowed to change their pleas before the trial set for April 21. Judge Anderson may pass sentence on those who pleaded guilty immediately although this was not definitely known.

Thirty-six republicans, indicted by the grand jury, denied their guilt when arraigned. It is not known how many will plead guilty tomorrow but it is believed that practically all will.

## BLOODHOUNDS ON TRAIL

Murderer of F. L. Cornelius, Brown County, Leaves no Clew

(By United Press.) Bloomington, Ind., April 3.—Blood hounds were taken to Belmont, Brown county today, where F. L. Cornelius was shot and probably fatally wounded by a shot fired through the window of his home. A neighbor hearing the shot rushed into the room and found Cornelius unconscious. Officials have no clew to the murderer.

## GLEE CLUB IS ON THE JOB

Wabash College Organization Gives Concert at First Baptist Church

The Wabash college glee club arrived here this morning from Shelbyville at 10:35 o'clock and will give a concert tonight at eight o'clock at the First Baptist church under the auspices of the Willing Workers class of the Sunday school. The club appeared before an audience of five hundred at Shelbyville last night and an equally large crowd is expected here. Members of the club were entertained at the church for dinner and supper today and will be entertained in Rushville homes over night. They will leave in the morning for Cambridge City where they will give a concert tomorrow night.

### KNIGHT TEMPLAR MEETING

Announcing the New Seven-Passenger Oldsmobile

A MOTOR CAR creation, distinctive in every line—this is the new seven-passenger, eight-cylinder Oldsmobile. Exquisite harmony of outline and over-all proportions distinguish this car—the result of nearly twenty years of experience in combining beauty with comfort, sturdiness with grace.

The purpose underlying this car is to build a car that in smoothness of performance, mechanical excellence, and refinement of finish, will be instantly recognized as the peer of the world's finest motor cars by the most fastidious and calculating buyer.

And the price, due to large production and unexcelled buying power, is such that it is well within the reach of the average buyer—\$1367, f.o.b. Lansing.

The car is now on display at our show-room. Call or write today for a demonstration.

EASTER

TIME

That time of the year that fashion dictates you must look your best is at hand. Be sure you do not mar the effect by wearing shoes that do not conform with your otherwise stylish appearance. There is no excuse for it—not so long as you can secure such stylish shoes at such reasonable prices as are to be had here.

Winship & Denning

MOST BABIES DIE

BEFORE YEAR OLD

Statistics Show That One in Every Ten Expire Before Twelfth Month Passes.

MAKING PLANS FOR BABY WEEK

(By United Press.)

Washington, April 3.—Approximately one in ten of all the babies born in the United States dies before completing twelve months of life, the Federal Children's Bureau announced today in connection with National Baby Week, May 1 to 6. The statement adds:

"It was once thought that a high infant death rate indicated a greater degree of vigor in the survivors. Now it is agreed that the conditions which destroy so many of the youngest lives of the community must also result in crippling and maiming many others and must react unfavorably on the health of the entire community."

Two Thousand, one hundred communities have reported to the Children's Bureau the details of a Baby Day or Baby Week by which they called attention to the need of protecting their babies. This bulletin may be had by addressing the bureau, which continues:

"The United States includes 14,186 incorporated cities, towns and villages and it is doubtful if among the thousands which have never had a Baby Day or Baby Week there is a single town or village which would not profit from such a campaign."

WHAT-YOU-MAY COLUMN

Rubbers

Something dreadful has happened to rubbers. They used to climb all over man's feet and humiliate him terribly. They spread themselves around at an awful rate, unashamed.

But here lately they've grown reticent. They seem to have suffered qualms. They hide on the bottom of men's feet and cling delicately to the soles of his shoes, as nearly out of sight as possible.

What is the matter, do you suppose? Can it be that after riding man's instep since time immemorial rubbers decided they had no business there and got off? It looks like it.

EAT LESS---

IT WILL DO

YOU MORE

GOOD

FOLLOW YOUR MEAL WITH A LITTLE PEPSINCO—YOUR FOOD WILL SATISFY FOR A LONGER TIME—NONE WILL BE WASTED. IT WILL DO YOU 100 PER CENT GOOD.

It's a mistaken idea that the more you eat the more good it will do you. It's not what you eat; it's what you digest that does you good. Eat less—take Pepsinco and you'll feel better—you'll thoroughly enjoy what you eat and you'll cut your food bill down.

Pepsinco is an aid to nature. It helps weak stomachs. It prevents strong stomachs becoming weak through carelessness in eating. Let Pepsinco digest the meal that you eat in a hurry.

Time is money—Pepsinco is inexpensive. Hundreds have Pepsinco handy for such an exigency. Many suffer after every meal—they don't use Pepsinco. Thousands eat with a relish—they use Pepsinco.

No need for sour stomach, sick headache, indigestion, bloating, heartburn and food distress. Pepsinco must surely be used when your food kicks back; when stomach pains; when you belch up sour stuff; when you get up in the morning with a mean, disagreeable, dark brown taste; when your food does not taste natural; when stomach revolts at the sight of food; when sleep is interrupted with bad dreams; when breathing is heavy from gas pressure. Pepsinco never fails to help in all cases where misery follows a meal.

Thousands today are using Pepsinco, happy in the thought that they have a reliable preparation to fall back on if stomach fails them. All druggists carry Pepsinco in small packages—large enough to show what they are worth. Get a package today, now, at once and not only help your stomach, but also cut your food bill down.

H. C. OF L. GOING

UP CONSTANTLY

U. S. Bureau of Labor Statistics Reveals Increase of Four Per Cent in One Month Alone.

ONIONS ALONE ADVANCE 77%

Average Annual Family Food Bill Moves up From \$339.30 to \$425.54 in Three Years.

The cost of living is consistently rising. During the month before February 15, reports the April number of the Monthly Review of the Bureau of Labor Statistics of the U. S. Department of Labor, the combined price of 27 principal foods went up four per cent. Onions led with 77 per cent jump. Potatoes went 30 per cent. Five articles—flour, rice, raisins, coffee and tea were stationary and eggs was the only food that decreased in price.

Substantially, these articles cover the average table menu. Compared with 1916 retail prices most comestibles are higher. Only three, rice, coffee and tea, were no higher on February 15 than the average price of 1916. Some articles have risen tremendously: others less in proportion. Of those comparatively innocent of swollen value, nine have increased less than ten per cent.

Av. 1916 Feb., 1917

Sirloin steak,	27.3c	28.7c
pound		
Bacon	28.8c	30.7c
Prunes	13.4c	14.1c
Raisins	12.9c	14.1c
Bread	6.5c	7.1c
Milk	9.1c	10.0c
Sugar	8.0c	8.1c
Coffee	29.9c	29.9c
Tea	54.6c	54.6c

Round steak, rib roast, chuck roast, plate boiling beef, ham and canned salmon have increased less than one-eighth in price above the prices averaged in 1916. Lard, eggs, butter, cheese, flour, corn meal, potatoes, onions and navy beans have jumped to prices entirely abnormal. So far as is possible, housekeepers should endeavor to find substitutes for these foods. Many families, it appears, are discarding potatoes in favor of rice and other foods the prices of which remain more nearly normal.

In 1913 the average family food bill within the United States was found to be \$339.30. Like quantities of the same foods in February footed up \$425.54. The greatest element of increase is in potatoes, from \$18.96 to \$44.69 for 882 pounds. Other heavy increases are in eggs, 85 dozen at \$43.07 from \$33.01; flour, 454 pounds at \$25.40 instead of \$15.12; and butter, 117 pounds at \$54.87 in place of \$45.72. Of the whole list of foods, sirloin and round steak only were cheaper in February, 1917, than in 1913.

WILL NOT INVITE

T. R. TO CONFERENCE

One Time Leader of Party Will Not Participate in Meeting at St. Louis.

MAY FORM LIBERAL PARTY

(By United Press.)

St. Louis, April 3.—Universal military training, nation wide prohibition and the unity of liberals of all parties will be the chief aim of the Progressive party's national conference here next Thursday. Colonel Roosevelt has not been and will not be invited to attend.

Plans today were under way to have committees of the Democratic, Republican, Socialist and Prohibition parties confer with a committee of the Bull Moose and discuss the formation of a party of Liberals to stir the political pot of the country into real boiling condition.

Albert D. Norton, once a republican judge, later progressive gubernatorial candidate in Missouri and during the last Presidential campaign connected with the Wilson speaking bureau, is a leader in the conference.

Greensburg—Refusing to live in a house where her husband kept three dogs, Mrs. Rillie Whittaker sued her husband for divorce.

### We Only Have to Show

man that it pays to use STANDARD HOG REGULATOR to make him a Standard Booster. This is one letter out of a thousand and that the Standard people have received from farmers who used it.

"We have fed 10,000 pounds of STANDARD HOG REGULATOR manufactured by the Standard Chemical Mfg. Company during the past four years. We have not had any trouble either with disease or worms since using the Regulator. We first used it for one lot of hogs and one lot without it, both bunches were running after cattle, we were convinced that the extra gain was enough to justify it. We use a self feeder which makes it very convenient to feed. We have just ordered 1,000 pounds more Regulator and use it all the time for 500 head of hogs."

## Serum Station....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly troat bled serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hand at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

### County News

#### Glenwood.

The Christian congregation did not hold any services Sunday at the United Presbyterian church.

Perry Meek and son James and Herman Hinchman transacted business at Indianapolis one day last week.

Charles Sparks is confined to the home of Mr. and Mrs. George Duke with a severe attack of the measles.

Mr. and Mrs. Ray Carpenter spent the week end with home folks near Andersonville.

Mr. and Mrs. Ralph Peck and son John Newton were shoppers in Rushville last Saturday.

The Rev. Daniel Ryan is conducting a series of meetings at the Orange M. E. church this week. All are cordially invited to attend.

Fred Banzendahl is moving into the Nichols property in the west end today.

The musical entertainment given at the United Presbyterian church last Friday evening was thoroughly enjoyed. Not a very large crowd attended.

The Rev. Daniel Ryan preached a very appropriate sermon at the M. E. church Sunday morning on the subject, "Going Out of Jerusalem." He preached at Palmyra Sunday afternoon and at Orange Sunday night.

Mr. and Mrs. Scholl and family of St. Louis are here for a brief visit with his parents, Mr. and Mrs. Frank Scholl.

A number of Glenwood men lost employment when the Central Body Works burned at Connersville last week.

Mr. and Mrs. Will Ochiltree and family of Connersville were guests of Mrs. Anne Ochiltree Sunday afternoon.

Miss Violet Vandivier is threatened with pneumonia.

Mr. and Mrs. Verne Brooks were guests of Mr. and Mrs. Geise Sunday.

Mr. and Mrs. Everett Clifford attended the funeral of H. L. Ludlow at Fairview Monday.

Several Glenwood men joined the Moose lodge and were initiated at Connersville Sunday.

#### Manilla.

Mrs. Nettie Willis spent the latter

### HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better than ever.

### NOT BROWN TAIL MOTH.

(By United Press.)

Ligonier, Ind., April 3.—Reports that the Brown Tail Moth, which is causing millions of dollars damage in some eastern states, had made its appearance in Indiana near this place, were investigated by L. H. Worthly of the department of agriculture and F. N. Wallace, state entomologist. After making a thorough examination, they found that the White Marked Tussock Moth had been mistaken for the Brown Tail moth.

### PICTURE MEN MEET.

Indianapolis, Ind., April 3.—The annual meeting of the board of indorsers of motion pictures was held at the Claypool hotel today. F. J. Rembush, Shelbyville, president of the Indiana Motion Picture Exhibitors league, addressed the meeting, explaining the exhibitors point of view on censorship. Miss Georgia Alexander told of the work being done in educating children through motion picture.

Washington—The state fish and game commission will place a new stock of crappies and other fish in Eastside Lake near this city.

LOST—Female fox terrier; white with black head. Notify John K. Stiers. 1566

## NOTICE

The Helping Hand society of the Arlington Christian church will hold an exchange at the J. B. Morris hardware store, Saturday, April 7th. Will have plenty of good things for Easter. 1614

## Amusements

This week is the big week at the Shubert Murat theatre, Indianapolis, for on Monday night, April 2nd, commences a week's engagement of Al Jolson, far-famed in Indianapolis, will take possession of the theater with the big original cast of New York Winter Garden musical extravaganza, "Robinson Crusoe, Jr." The attraction, which is described as the most ambitious and elaborate production that ever went forth from that Broadway temple of frothy fun and frolic, numbers nearly two hundred in the cast, including the prize beauty chorists.

Numerous notables figure prominently in the personnel, including Claude Flemming, Lawrence D'Orsay, Frank Carter, Kitty Doner, Mabel Withee, Isabel Rodriguez, Bowers, Crocker, Walters and Grace & Berkes. The story of "Robinson Crusoe, Jr." does not attempt to follow that of the popular mariner in detail, but rather that of a millionaire who, satiated with the complex life of high society in the metropolis longs for the solitude that Crusoe scorned. Over-indulgence in a rarebit sends him on his way and the fantastic dream that follows is enacted on the stage. The book is by Harold Atteridge and Edgar Smith, and the music by Sigmond Romberg and James Hanley, who have sketched out an ideal role for Jolson as Crusoe's "Good Man Friday."

In that guise Jolson's encounter with cannibals, pirates, sprites and all manner of things that infest most unlimited fun as well as a dreamland desert isle provides affording a rare opportunity for spectacularism. In the latter respect "Robinson Crusoe, Jr." may foreshadow a tendency on the part of the Winter Garden management to cater more largely to women and children, for this attraction possesses an appeal to the clientele which has never before been apparent in an offering from that institution. This is emphasized by the

## SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

## Chalmers Lynite Pistons An Evidence of Chalmers Quality

Chalmers pistons are made from one of the lightest and highest-grade metals obtainable—Lynite, a special alloy of aluminum.

Most cars use heavy cast iron pistons. Much cheaper. Much reduced efficiency.

### 12½-Ounce Pistons

Chalmers pistons weigh only twelve and a half ounces each. About one-third the weight of cast iron pistons. Each one of these Chalmers pistons is true to its die. All pistons are exactly equal in weight.

No greater variation than ¼-ounce is tolerated in any of the reciprocating parts of the Chalmers.

### Importance of Lightness

A light piston insures smoothness and power. Lighter pistons allow other motor parts of corresponding lightness. Lynite pistons reduce the strain on the bearings 160 pounds per square inch over the cast iron piston.

The wonderful smoothness of the Chalmers at all speeds is largely due to the lightness of the pistons. So also is the motor's remarkable power.

### Compression—Power

Chalmers pistons are provided with three rings of uniform tension, each three-sixteenths of an inch wide. This means better compression—more power.

Below the lowest ring there are oil relief holes to prevent any excess of oil from reaching the combustion chambers.

The above is what we mean by quality in Pistons. The kind of quality you need in the pistons in the car you buy. And the kind of quality you GET in the Chalmers.

importance allotted to the matinees on Wednesday and Saturday.

Of course Jolson has some new songs, a lot of them. What would a Jolson show be without a few Afro-American ditties? Among the numbers, he warbles will be "Down Where the Swanee River Flows," "You're a Dangeroust Girl," "Yaeki Hieki Doolah," "Tillie Titwillow," "Mammy's Little Cole Black Rose," and one that has raced into local popularity ahead of the show "Where Did Robinson Crusoe Go With Friday on Saturday Night?"

Tickets can be had from Hargrove & Mullin agents here.

## DOESN'T KNOW WHETHER ITS WET OR DRY SO DULUTH VOTES AGAIN.

(By United Press.)

Duluth, Minn., April 3.—This city, which was voted dry one year ago, but which is said to be really legally wet yet, today took another vote to see whether it is wet or dry. It's mind isn't fully made up on the subject.

Following the finding of the city to be dry by last year's election, the charter provisions were injected into the situation, which kept the city wet until July 1. In the meantime the wets had the issue placed upon the ballot this year to see whether this wet city remains wet or this dry city remains dry.

### ASHORE IN CORN FIELD

(By United Press.)

Evansville, Ind., April 2.—The steamship St. Paul carrying 1,000 persons, ashore all night in a corn field two miles below this city, was taken off by three tugs today. The vessel was in no danger throughout the night.

## Here's What You Can Do With Your Haynes "Light Six"

Drive 1 to 60 miles per hour on level. Get up speed of 30 miles per hour in 7 1/2 seconds from a standing start, with full load. Climb on "hills" like that and must cars. Average 8.00 miles per gallon of gas. Average 18 to 22 miles per gallon of gas. Average 400 miles to quart of oil.

These figures are not maximum records, achieved just once—but are based on performance reported by hundreds of Haynes owners. They indicate exactly what you can expect to do with your Haynes.

New refinements have been added for comfort and convenience in the new series Haynes.

—but the engine is the same wonderful power plant, with cylinders 3 1/2 x 5 that develop more power than any other motor of any make of equal bore and stroke.

It's the car of certain performance. Phone us to call for you in a Haynes, or drop in for a demonstration.

## TRY A WANT AD

# Do You Want to Sell Your Old Gas or Coal Cook Stove? We Will Give

**\$5.00** For any gas or coal cook stove, **NOW IN USE** **\$5.00**  
**Special Offer**

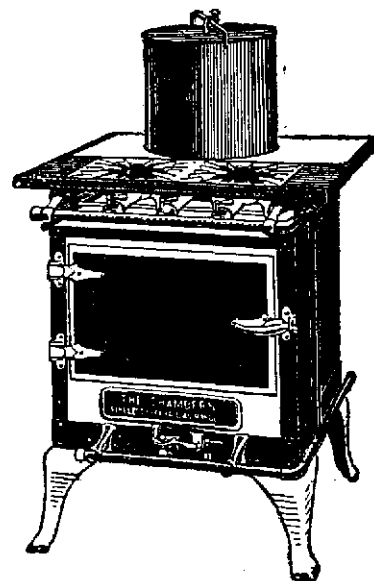

As a special inducement to those who feel that their present old range is still of some value and service to them we make the following offer: If your old gas or coal range is now connected and is in use we will take it off your hands and allow you \$5.00 for it toward the payment of the NEW CHAMBERS FIRELESS COOKING GAS RANGE.

## Understand

The factory is giving this \$5.00, and not us, but just through our store.  
THE OFFER ABSOLUTELY LASTS ONLY 10 DAYS, BEGINNING APRIL 2, 1917.  
The Range that cooks on two-fifths of the gas it takes to operate any other gas stove. In fact, your Range could be paid for in the saving of GAS and TIME in about twelve months.

## Don't Forget this

We install this Range on an absolute guarantee. How can we do it? Because we sold 64 of them last year and none of them came back. If you care to know who your neighbor is who uses one of these stoves, call us up.

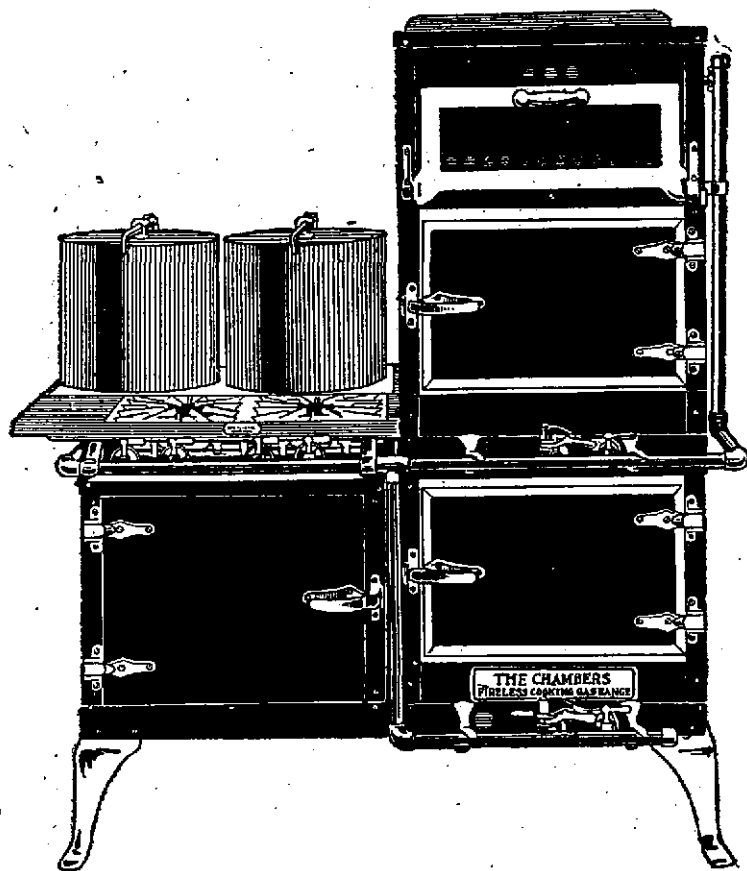

Will your Gas stove bake WITHOUT the GAS BURNING? Ours will. Colleges teach agricultural saving on the farm. This teaches you saving of money, time and health at home. Just think of roasting and boiling all night without a fire. These are just little features which pertain to this range, but by having the opportunity to show you, we can explain to you at least 50 others.  
THIS STOVE CAN BE TAKEN APART IN EVERY DETAIL WITHOUT A WRENCH OR SCREW DRIVER.  
The factory representative is here this week who will call on you and explain this stove in full. For other information Call us

## A Few Timely Hints for Home Gardner to Follow

Department of Agriculture Horticulturists Outline Principles for Making a Success of the Home Vegetable Patch.

IX. How To Grow Peas Successfully.

Garden peas are a favorite crop in the home garden, and as they are not easily injured by frosts, they may be planted as soon as the soil can be put in order in the spring, according to the specialists of the United Department of Agriculture. By selecting a number of varieties it is possible to have a continuous supply of peas throughout a large portion of the growing season. In order to accomplish this, planting should be made every 10 days to 2 weeks until warm weather comes. The first plantings should be of small-growing, quickly-maturing varieties, such as Alaska, First and Best, and Gradus. These kinds do not require supports. They should be followed by the large wrinkled type of peas, such as Champion of England, Telephone, and Prize Taker. These may be supported on brush, on strings attached to stakes driven in the ground, or on wire netting.

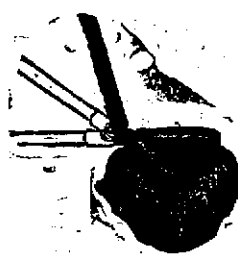

Peas should be planted about 2 or 3 inches deep in rows 3 to 4 feet apart. Some gardeners, however, follow the practice of planting in double rows 6 inches apart, with the ordinary space of three to four feet between these pairs of rows. With varieties requiring support this is a good practice, as the supports can be placed in the narrow space between the rows.

Beans are more susceptible to cold than peas and should not be planted until danger of frost is past and the

ground begins to warm up. They are, however, among the most desirable vegetables that the home gardener can raise. There are many different kinds and varieties of beans, but for garden purposes they may be divided into two classes—string and Lima. Both classes are grown commercially over the greater part of the East and adapt themselves to a wide diversity of soils and climate. They grow rapidly and, therefore, leave the area in which they have been planted free for another crop. To secure a continuous supply, it is desirable to make plantings at intervals of 10 days or two weeks from the time that the ground is reasonably warm until hot weather sets in.

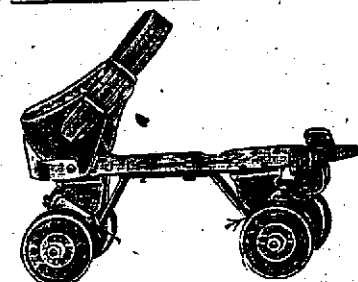

String and Lima beans are subdivided into pole and bush types. The pole Lima beans should be planted with from 8 to 10 seeds in the hill and after the plants become established should be thinned to 3 or 4. The hills should be 4 or 5 feet apart. Bush Lima beans are planted 5 or 6 inches apart in rows 30 to 36 inches apart. Bush beans of the strong type may be planted somewhat closer—the plants standing 3 or 4 inches apart in rows from 20 to 24 inches apart if hand cultivation only is to be employed.

Beans of any kind should not be planted any deeper than is necessary to secure good germination. This should never be over 2 inches and on heavy soil it should not be

more than 1 1/2 to 1 3/4 inches. Beets can be planted comparatively early in the season. It is not necessary to wait until the ground has become warm, if the danger of frost is past. The seed should be sown in drills 14 to 18 inches apart and covered to a depth of about 1 inch. As soon as the plants are well up they should be thinned to stand 3 to 4 inches apart. From 2 to 3 plantings should be made in order to have a continuous supply of young, tender beets.

—Ozro, Farthing visited in Indianapolis yesterday.
